

STRIKE AGREEMENT HINGES ON ARBITRATION

HAT QUESTION SAID TO BE ONLY ONE IN WAY OF SETTLEMENT

Operators and Miners Have Agreed on All Points at Issue But Arbitration of Future Contracts—Both Sides are Standing Firm—Hope is Seen for An Early Settlement

(By The Associated Press)
LEVELAND, O., Aug. 12.—Only the question of arbitration of future contracts blocks an agreement providing a part settlement of the soft coal strike, it was said tonight by persons in close touch with the conference of operators and miners.

President Lewis of the miners, stands firm in his opposition to compulsory arbitration which is favored by Mich-Gallagher, spokesman for the operators. All other points of an agreement were understood to have been agreed and working conditions that prevailed previous April 1.

While the meeting of the joint sub-committee of operators and miners had adjourned until Monday, it was understood that meantime conferences had been arranged for two leaders who had been empowered to agree on a settlement that would be submitted to the sub-committee Monday.

AL VOTE TO BE KEN ON TARIFF ASURE AUGUST 19

ate Reached Un-
imous Agreement
Saturday

(By The Associated Press)
WASHINGTON, Aug. 12.—The tariff bill will be brought to a final vote in the Senate Saturday, August 19, unanimous consent agreed entered into today. Passage of the measure was regarded as a foregone conclusion. At least Democrats, Broussard and Dell, of Louisiana and Kendall, of Wyoming, were counted on to support it while the opposition was not to exceed six, at many Republicans, would vote against it.

Under the terms of the agreement, the Senate, beginning at 4 p. m., Tuesday, proceeded to vote without further debate on all committee amendments. All amendments then undisposed of were not later than 10 p. m., Friday it will vote without further debate on all pending individual amendments. After such amendments have been disposed of the bill will be reported to the Senate by the committee of whole and reserved individual amendments then will be taken up, but no senator will be permitted to speak more than ten minutes on any amendment. All debate will end at 4 p. m., Saturday and then the bill will be taken up upon the parliamentary procedure leading to a final vote by adjournment. After the bill is passed by the Senate, it will be sent back to the House, where the Fordney measure was passed more than a year ago. Conference between the Senate and House will then be in order and Chairman McCumber is to have the conference held early in the week following final Senate action. The conference will face a long and difficult task. One of the issues to be settled is whether the House American valuation is to give way to the Senate foreign valuation basis of assessing tariff duties.

HT LEADS TO KILLING
INCOY, Ill., Aug. 12.—Felix Incoy, 34 years old was shot and killed at the home of the father here tonight and died a time later in a local hospital. The shooting followed a quarrel which came after Stravinski accused Yates of intimacy with Stravinski. Yates fired contents of a shotgun at his father as the latter mounted the stairs of the Yates home. The father was in the lower abdomen, was held by the police.

DAUGHERTY WILL PROBE TIEUP OF SANTA FE TRAINS

Instructs District Attorney to Find if Conspiracy Exists

(By The Associated Press)
WASHINGTON, Aug. 12.—The federal district attorney in Southern California was ordered today by Attorney General Daugherty to investigate whether the abandonment of trains on the Santa Fe Railroad was the result of a conspiracy by those operating them or others to interfere with interstate commerce and the handling of the mails.

"If the proof is sufficient present the matter to grand jury immediately," said Mr. Daugherty's order. "If the grand jury is in session present to court the necessity of calling special grand jury."

Action by the department of justice followed investigation of press reports of the tieup of trains. "It has been reported to this department from certain places especially southern California and Arizona on the Santa Fe system," said Mr. Daugherty, "that trains have been and are being abandoned by trainmen and employees. It has occurred at places most inconvenient (Needles California for instance) and not only results in interference with and obstruction to interstate commerce and the transportation of the mail but in great suffering and distress among men, women and children who are passengers."

Wires Instructions
After conference with the president I have wired the United States attorney at Los Angeles as follows:
"Report to United States district judge any violations of injunctions and institute proper proceedings to hold violators for contempt of court."

"Investigate quickly and ascertain if abandonment of trains was result of conspiracies by those operating them or others to interfere with interstate commerce and handling of the mails. If proof sufficient present matter to grand jury immediately. If grand jury not in session present to court the necessity of calling special grand jury. Department will give you all necessary support and assistance. The interference with and abandonment of trains strongly indicates the existence of a conspiracy and the government will take all necessary steps to prevent its continuation or like conspiracies elsewhere. Advise me of results."

"It is reported that twelve passenger and mail trains on the Santa Fe lines in Southern California are tied up because the refusal of members of the 'big four' to move them. The reason given for such action was the danger to members from armed guards and defective engines. Seven trains were held up at Needles, three at Los Angeles and two at Los Angeles. Hand grenades were thrown into the Santa Fe stockade at San Bernardino early this morning and an engine was run into a round house turntable pit."

"MA" STREETER STILL BELLIGERENT

(By The Associated Press)
CHICAGO, Aug. 12.—The battle over the possession of filled in lake front land on the exclusive Lake Shore Drive and in the heart of the gold coast, which was thought to have ended with the death of "Capt." Wellington Streeter was renewed tonight by his widow, "Ma" Streeter.

The battle followed the effort of John Archibald Jones, president of the Dill Pickle Club, an organization of Bohemians to take forcible possession of some 1,400 acres of property conservatively valued at several million dollars, after he had purchased it from "Ma" Streeter for \$1.

With the assistance of "Ma" and an attorney, Jones ordered two policemen off the property. A free for all fight followed during which Ma fled to a boat she had anchored in the lake off the property which her husband struggled for years to prove his title. Jones and the attorney were arrested but "Ma" declared she would carry on the battle begun by her late husband single-handed if necessary.

SENATORIAL CANDIDATE ENGAGE IN DEBATE

CLARINDA, Iowa, Aug. 12.—Smith Brookhart, Republican nominee for United States Senate and Clyde L. Herring his Democratic opponent clashed at Clarinda this afternoon in a furious old time political debate before an audience at 3,000 at the Clarinda chautauqua.

Two men offering a striking contrast in personality and style of debate thrashed out issues of the campaign and presented merits of respective party platforms to the intense enjoyment of the audience made up of people from Southern Iowa here for the first meeting of the campaign between the two men.

French are Amazed at British Attitude

(By The Associated Press)
LONDON, Aug. 12.—The French delegation to the conference on German affairs was amazed to learn today that the British government insists upon a reduction of the German reparations payments to about one third the amount fixed by the London schedule of payments of May 1921—that is cancel altogether the annual cash payments of 2,000,000,000 gold marks and to leave only the 25 percent assessment on German exports.

The text of Premier Lloyd George's proposal which forms part of the tenth point of the British memorandum reads:
"Subject to acceptance by the German government of these guarantees, it will be for the reparations commission to grant a memorandum in respect to all cash payments remaining due from Germany up to the 31st of December, 1922, and further the commission shall as soon as possible fix the annual payments in cash in respect to all peace treaty charges for the succeeding period at such an amount not exceeding 26 percent of the value of German exports as they may find to be proper with a view to the early flotation of a loan by the German government the major portion of which shall be devoted to the payment of reparations."

M. Poincare had doubts regarding the interpretation to be placed on this article and it was one point referred to the committee of experts. Only at this afternoon's sitting of the experts' committee did M. de Lasteyrie, French finance minister obtain objections from the British members that it was designed to reduce the total payments of a sum amounting to 26 percent of the value of German exports, but leaving the possibility still of payments in kind.

M. de Lasteyrie is understood to have informed the committee there was not the least chance of the French government accepting such an idea. Consequently the negotiations between the French and British are at a standstill. The French were greatly surprised that Mr. Lloyd George should send word to M. Poincare that he was leaving London over Sunday thus causing the loss of one day when only two remain before the expiration of the date on which the next German payment is due under the partial moratorium now in operation.

Tomorrow there will be a meeting without Mr. Lloyd George, of M. Poincare, M. Theunys of Belgium and Signor Schanzer, Italian foreign minister. The Italian delegation shares the French view completely; the Belgians less so because Belgian interests in reparations are protected by priorities.

ARTHUR GRIFFITH DIES SUDDENLY IN DUBLIN SATURDAY

President of Dail Eireann
Passes Away From
Heart Attack

(By The Associated Press)
DUBLIN, Aug. 12.—Dublin was shocked today to learn of the sudden death of Arthur Griffith, president of the Dail Eireann and everywhere it was commented on as one of the most tragic and wholly unexpected events in troubled Ireland.

Death came at a nursing home apparently from heart attack following an operation a few days ago for tonsillitis. Few people in Dublin even knew that the ardent worker for the free state cause had been ill.

Immediately signs of mourning were displayed; flags were set at half-mast on buildings and ships in the harbor. The first question on all sides was what effect the death of the leader would have on the solution of the problems before the provisional government. His colleague Michael Collins, recently has devoted his attention almost entirely to military operations while the country looked to Mr. Griffith to manage the civil affairs.

CREeping PARALYSIS WILL FINALLY STOP ALL TRAIN SERVICE

Rail Union Leader Predicts
This Condition in Six-
ty Days

(By The Associated Press)
CHICAGO, Aug. 12.—Asserting that "creeping paralysis will make it impossible at the end of sixty days for the most willing train service employees to keep traffic moving," J. P. McGrath, vice president of the Railway Employees Department of the American Federation of Labor issued a statement tonight criticizing assertions of railway executives that rolling stock is in safe condition.

He charged that the interstate commerce commission has not made public recent reports on the condition of railroad equipment but asserted that commission members told the president on July 28 that if the strike was not settled within two weeks the entire railroad structure of the country would be threatened with collapse because of impaired equipment and lack of fuel.

"That two weeks is about up," Mr. McGrath's statement added. He asserted that facts in the possession of the interstate commerce commission would startle the country and declared that railway executives were circulating reports that retooling, stock was safe to prejudice the public against train service men who are refusing to operate equipment on the grounds that it is dangerous to do so. "Engines," he asserted, "are being operated with leaky flues, broken stay bolts, cracked frames, broken brake rigging and with safety appliances in such condition as to endanger the lives of the train crew."

SETTLEMENT OF JOLIET STRIKE BELIEVED NEAR

Thought That Work Will be
Started in E. J. & E. Yards
Monday

(By The Associated Press)
JOLIET, Ill., Aug. 12.—Initial concessions which it is believed will lead to the resumption of operations in the Elgin, Joliet and Eastern yards here by Monday were made this afternoon by brotherhood representatives and Adjutant General C. E. Black, Lieutenant Morris and acting Sheriff Lindgren at a conference held in the office of State Senator Richard J. Barr, who arranged the meeting.

Brotherhood chiefs and Sheriff Lindgren after proposals by Senator Barr agreed to the removal of troops from the entrances to the Elgin, Joliet and Eastern yard gates. Adjutant General Black said it was an impossibility for the troops to be here is not the question," said General Black. "The public is entitled to safety just as you big four brotherhood men are."

"We figure there are other places in Joliet for the troops than their present location at the 'J' park," Chairman O'Day of the brotherhood declared, "and the only place Colonel Morris is defending is the E. J. & E. property and we are not on a strike and have not committed any violence. We will not endanger our lives entering the yards while troops are there."

The suggestion by Senator Barr to arrange private guards at the gates followed and was generally accepted. It remains to receive the approval of the brotherhood members before being adopted.

With the understanding that if the proposal is accepted, traffic will be resumed at the 'J' yards after four days of idleness.

Sunday will mark the fifth day since any switching or yard work has been done.

Sheriff Newkirk who was twice wounded during the rioting here last Monday will recover, hospital attendants say.

Conditions here are practically normal on the surface and no additional violence is anticipated, especially with the presence of troops.

PROTEST EXPULSION OF GERMANS

Paris, Aug. 12.—A note from the German government protesting against the expulsion of Germans from Alsace-Lorraine was delivered to the French government today.

The note also protests against the French attitude with regard to compensation payments saying it is contrary to the spirit and letter of the Versailles treaty and the subsequent agreements.

TRAIN SERVICE IN CALIFORNIA STILL TIED UP BY STRIKE

Great Loss to Fruit
Growers Results
from Tie-Up

(By The Associated Press)
SAN FRANCISCO, Cal., Aug. 12.—Resumption of trans-continental train service on the Union Pacific and suspension of east-bound trains on the Western Pacific were the outstanding rail strike features today in the far west.

Union Pacific trains which were tied up in Nevada on the Salt Lake-Los Angeles road began moving shortly after noon when Big Four trainmen who had gone on strike went back to their posts. Two of the trains were at Las Vegas and it was reported Governor Boyle of Nevada had left for that point to take charge of the situation.

Two daily Western Pacific trains were annulled on account of strike conditions at Oakland and Stockton, two California points where brotherhood men had refused to work as long as armed guards were retained. One Western Pacific train was abandoned by its crew after arriving at Stockton today from Salt Lake.

Other developments were: The Southern Pacific which had four trains stalled at its Ogden depot by a strike of remen, reported that the men had returned to work when the conductors objected to the strike. The firemen asked that the company remove the armed guards and repair its rolling stock which it was claimed was dangerous to operate.

On the Santa Fe System, trains remained halted at Barstow, Needles and other desert points. Later reports placed the number of stalled trains at 12. The company was making efforts to relieve the passengers some of whom were suffering from the excessive heat, which was 120 degrees at some points.

Fruit Losses Heavy
Losses resulting from the strike are reported heavy, particularly in the San Joaquin Valley where one Fresno shipper estimated that growers today lost 500 cars of green fruit valued at \$500,000 as a result of the embargo on perishable fruit shipments yesterday by the Southern Pacific and Santa Fe. California fruit at present "on the rails" enroute to eastern markets consists of approximately 2,000 cars, valued at around \$1,000 each. Growers are hoping that these shipments will reach their destinations before being halted by embargoes.

Approximately 40,000 car loads remain in California to be packed and shipped east if railroad conditions permit. Peace moves thru the Brotherhoods in Southern California were given a set back when D. E. Crayne, general chairman in Los Angeles of the Brotherhood of Firemen and Enginemen said that he could not and would not order the men under his jurisdiction to return to work. Crayne said it was an individual matter when the men left their work as individuals due to hazardous conditions of employment.

Bomb throwing was resumed in the railroad yards at Roseville and San Bernardino early today, five being hurled into the Southern Pacific yards at Roseville and four into the Santa Fe yards at San Bernardino. None were injured seriously.

CHARGES MAN TOOK WIFE AWAY

(By The Associated Press)
Denver, Colo., Aug. 12.—Charging that Mrs. Carrie M. Cordes, prominent in Denver society induced her wife Mrs. Eda S. Groff to forsake him and return to the kitchen of the Cordes home where she previously had been employed. Jacob W. Groff today brought suit against Mrs. Cordes in district court for \$40,000 for alienation of affections.

In his complaint Groff charges that Mrs. Cordes made use of a strange influence to induce his wife to forsake him. He sets forth that his wife is a "jewel and a treasure in any household."

CONDITIONS OF KRAUSS IMPROVED

Bloomington, Ill., Aug. 12.—The condition of C. J. Krauss, passenger equipment foreman for the Chicago & Alton at the local round house, who is in a local hospital following an assault on him by masked men last night, is not serious according to information given out at the institution. It is expected however, that he will be confined to bed for about a week.

RAIL EXECUTIVES HOLD CONFERENCE WITH UNION CHIEFS

Seniority Issue Discussed at Meeting Held
Saturday Night—No Definite Agreement
Was Reached—Executives Will Meet
With President Harding This Morning

(By The Associated Press)
WASHINGTON, Aug. 12.—The proposal that the seniority issue—conceded to be the sole obstacle to the settlement of the railroad shopcraft strike—be submitted to arbitration by an impartial tribunal was discussed tonight by a conference of railroad brotherhood chiefs and railroad executives.

Altho no definite agreement was said to have been reached at the conference which lasted for nearly three hours, both sides were said to have exhibited a "friendly" attitude.

The railroad executives have an appointment to meet with President Harding at 10 o'clock tomorrow morning when it was said Mr. Harding would be told of the new situation resulting from the late hour negotiations, that he might proceed from that point with his policy of mediation.

Lack of information as to the attitude which would be taken by the leaders of the striking shopmen to the proposal was said to have prevented the other union leaders from taking a definite stand. It was expected that a report on the proceedings would be made as soon as possible to B. M. Jewell, leader of the shopcrafts and his associates with a view to obtaining their views.

AUTOS WILL GO TO AID OF PASSENGERS

San Bernardino, Cal., Aug. 12.—A caravan of fifty automobiles from San Bernardino and Riverside will leave here tomorrow to bring in passengers marooned at Needles by the strike of the big four brotherhoods unless agreement is reached before that time between the unions and Santa Fe officials to move the trains. The San Bernardino and Riverside chambers of commerce arranged for the 250 mile run across the mountains and desert when I. L. Hibbard, Santa Fe general manager sent word here there was no progress in the negotiations to get the brotherhood men to move the trains.

The heat at Needles is reported as excessive and passengers suffering. It is expected the automobiles will reach Needles about daybreak Monday.

SOUTHERN PACIFIC RESUMES TRAFFIC

San Francisco, Aug. 12.—Trans-continental traffic interrupted yesterday by walkouts of "big four" railroad brotherhood members was restored on one road, the Southern Pacific today, but remained at a virtual standstill on two others—the Santa Fe and Western Pacific. Moreover traffic on the Union Pacific line from Salt Lake City to Los Angeles apparently restored today, again was at a standstill tonight, officials at Los Angeles announcing the annulment of one train and the return from San Bernardino to Los Angeles of one which left the latter point today.

Return of firemen to work at Ogden permitted the resumption of traffic by the Southern Pacific over that route and the lifting of its embargo on perishable freight.

The principal difficulty of both the Union Pacific and the Santa Fe apparently was the presence of armed guards at San Bernardino and other points on the Santa Fe whose tracks are used and the Union Pacific for a part of the way into Los Angeles.

ELECTRIC ROAD EMPLOYEES TO STRIKE

Aurora, Ill., Aug. 12.—Trainmen on the Chicago, Aurora & Elgin third rail electric railroad voted today to strike if their wages are not increased markedly and demands for changes in working conditions are not granted. George Adams of Wheaton, the business agent of the union was empowered to call the strike if negotiations for higher pay and better working conditions fail. The men recently asked and were refused an increase of pay of thirty per cent and uniform runs as to hours put in.

They now receive 60 to 67 cents an hour and some runs are 10 and others 11 and some 12 hours, Mr. Adams said. He made it plain that the men would not accept less than the scale received by the elevated railroad men in Chicago and that they felt they were entitled to much more as they have faster time to make and more dangerous and arduous work. He said the scale of the elevated men is now 82 cents an hour and that of the Chicago and Milwaukee Electric is 72 cents. He understood that the elevated trainmen were to get 72 cents an hour after a reduced fare is to be put into effect by the Illinois Commerce Commission.

TAKE STEPS FOR SPEEDING UP OF FUEL DELIVERIES

Medill Announces Priority
Order Will be
Issued at Once

(By The Associated Press)
CHICAGO, Aug. 12.—While Illinois Coal Operators today awaited adjournment of the Cleveland conference before making any further moves to end the miners' strike in Illinois, the state fuel administration took steps looking toward a speeding up of fuel deliveries from Eastern mines now in operation.

Robert M. Medill, state fuel administrator arrived here with a force of clerks, announced that the fuel administration will be in full swing early next week and said that priority orders would begin to issue from the administration at once.

Two committees to supervise the rationing of coal are expected to be appointed by Governor Small early in the week, one from Cook county and the other for downstate.

Applications will be referred to the proper committee which will determine order of precedence, then they will be confirmed by Mr. Medill and sent to the fuel administration at Washington which will transmit copies to the interstate commerce commission for delivery of the railroads.

Louis T. Orr, chairman of committees of the Chicago Real Estate Board and Illinois Realtors' association which have been making surveys of the fuel administration said today that while the surveys have hardly scratched the surface they give an indication of alarming conditions. Reports thus far received show a shortage of 71,031 tons coal in Chicago, and 45,201 tons downstate.

BUILDINGS ARE BURNING IN CORK

Liverpool, August 12.—Persons arriving from Cork today stated that the government house and other buildings in the city are burning.

Others reaching here from Queenstown report that some official buildings in that port are on fire.

MOSQUITO CAUSES DEATH OF BABY

Atlantic City, N. J., Aug. 12.—A baby's death said to have been caused by a mosquito bite on the nose was reported from the city hospital today.

now 82 cents an hour and that of the Chicago and Milwaukee Electric is 72 cents. He understood that the elevated trainmen were to get 72 cents an hour after a reduced fare is to be put into effect by the Illinois Commerce Commission.

A THOUGHT

And beside all this, add to your faith, virtue.—II Peter 1:5.
Confidence in another man's virtue is no slight evidence of a man's own.—Montaigne.

Special officers were on duty Friday to bring about better observance of the traffic laws. One or two violators who declined to take the "advice" of the officers were fined. The lesson had salutary effects and traffic law observance was quite the rule. Without watching motorists soon forgot.

Governor McCray of Indiana doesn't seem to be succeeding very well with his plan to mine coal under state supervision. At any rate, the governor should be given credit for the courage of his convictions and the endeavor to carry out the original suggestion made by the national administration.

Various civic organizations are talking about plans for educating the people as to the salient features of the revised constitution of the state, which is to be submitted to the voters Dec. 12. The aforesaid societies have a real job in endeavoring to hand over to the people a real understanding of the changes proposed.

The Decatur Review succinctly remarks that the result of a recent primary election in Ohio is far more convincing about the wet and dry issue than the Literary Digest poll. Out of the four candidates, two Republicans and two Democrats, for senator and governor, three avowedly dry men were nominated by heavy majorities.

Look in another column at the list of houses being erected in Jacksonville and find proof that a

substantial building program is under way. It might be mentioned in the same connection that still other houses are in prospect and that the season has shown an unusual volume of remodeling, repair work and repainting.

It seems that the only point that is blocking the settlement of the mining strike in Illinois is the insistence of the operators of this state that provision must be made for arbitrating future contracts. Certainly this stand is right and reasonable, and Mr. Lewis should be led to look at the proposal in that way.

Without such an agreement it means that next March the same painful process must be gone thru that is now disturbing the nation and adding to the fuel bills of 100,000,000 people.

HOW TIMES HAVE CHANGED

A Minneapolis paper inspired by the fact that a slightly built woman is serving as sheriff in an Arkansas county thus philosophizes:

Permit us to introduce Sheriff Murphy of Desha county, Arkansas, appointed by Governor McRae, to an unexpired term. The new sheriff is five feet in height, weighs 122 pounds, carries no weapon, does not expect to carry one, and will depend largely on gentleness but firmness in office to keep the peace of Desha county, of which Arkansas City is the capital.

The name? Mrs. Willie Clara Smith, the first woman sheriff in Arkansas.

What illusions that name, that stature, that displacement and that declaration of purpose destroy!

Governor McRae was born in Arkansas away back in 1851. All around him was the "wild and woolly West" from the moment he got his first youthful conception of the majesty of law. He must have seen dozens of those hard-boiled sheriffs that have been pictured to the rest of us on and off the stage. We all remember the figure—long, fierce looking mustache, belt of cartridges, long gun holster, high boots with spurs, red bandana kerchief tied carelessly around a sun burned neck, a huge soft hat with crease in the top and rim bent down rakishly, suspenders, half or whole, with nails for buttons, a tread that seemed trying to say: "I fear neither God, man nor beast."

It was not all fiction or fancy. There were such sheriffs, chosen for the physical courage they were supposed to have. They visualized the terrors of the law, not its mercies. They belonged to the landscape of the frontier like the branded beasts of the

BERTON BRALEY'S DAILY POEM

The Daily Grind

By Berton Braley

Oh! oftentimes a daily bard
Will find his stint is pretty hard,
And, lacking for a clever thought
To pen some verses light about,
He'll write the fact that he has naught
To write about.

He'll blame the cold, or else the heat,
Or what he had to drink or eat,
And with such stuff in verses set.
He tries to earn his pay with it,
And now and then, it's true, he'll get
Away with it.

BUT me—I scorn such subterfuge;
My stock of hunches is so huge
That, though persistently I try,
I cannot pick out one of them,
And therefore, logically, I
Write none of them!

AND so I write, in accents terse,
This little bit of lightsome verse,
Wherein you'll find that I have caught
A subject to wax bright about.
By writing of the guys that have naught
To write about!

(Copyright, 1922, NEA Service)

plains. They were set up as the challenge of ordered society to the plan that robbed banks and shot out the lights of groggeries.

Far is the cry from that romantic type to the little woman who is now charged with keeping the peace in Desha county, but so, too, is it a far cry from the old West to the new. The groggery is gone. Before them went the old style bandit, and the new style bandit knows of more fertile fields than Desha county for his exertions. It is a peace-loving community over which Sheriff Willie Clara Murphy is to stand guard, wearing the insignia of the law. Who knows but she will be the best sheriff in Arkansas? Who knows but the bootlegger and the moonshiner will be moved to chivalry whereas they once breathed armed defiance?

Verily, we have come into a new day. A 122-pound 5-foot woman sheriff!

THE COMING SPORT.

Is golf going to take the place of baseball as our foremost national sport? You may scoff at the suggestion. But sporting goods manufacturers estimate that at least 2,000,000 Americans are golfers.

And that is only a beginning. Any one with his eyes open realizes that a golf craze is sweeping the country like a prairie fire. In popularity, golf is growing far faster than baseball grew in its early days.

For every one that plays golf, there are five who would be playing if they could.

If golf ever does dethrone baseball, it will be a good thing for the national health.

The baseball fan rarely plays the game himself. He sits and watches professional play. For this reason, baseball in America is no longer a sport. It is a form of theatricals.

You do not, however, find golf enthusiasts sitting back and watching other players—except an occasional star. The golfer is not a grandstand loafer. He gets out and plays the game himself.

Golf sometimes is sneered at as a namby-pamby game, but only by people whose knowledge of it is limited to observation from a passing auto. Carried to extremes, golf is a dangerously violent sport.

In moderation, as an exercise, golf is the most scientific game ever devised. It combines the benefits of long-distance walking with the swinging-on-the-ball that brings nearly every muscle of the body into play. The connection between golf and the proverbial health of the Scotch may be closer than any of us dream.

Tin cans, Kerr and Mason fruit jars, tops, Good Luck Rubbers, sealing wax, kettles, pans and pots, the best goods at the right price. Call or phone your order.

WOMEN APPOINTED ON DEMOCRATIC COMMITTEE

At a recent meeting of the Morgan county Democratic central committee it was decided as the proper plan to appoint a number of Democratic women as co-workers with the central committee. In consequence of this action Paul P. Thompson, chairman of the central committee, has made the following appointments:

Jacksonville, No. 1—Miss Josephine Foley, 1006 Mather street, Jacksonville.

Jacksonville, No. 2—Mrs. J. S. Spencer, 2344 North Main street, Jacksonville.

Jacksonville, No. 3—Mrs. Annie Blesse, 638 North East street, Jacksonville.

Jacksonville, No. 4—Mrs. Dorothy H. Brune, 837 North Church street, Jacksonville.

Jacksonville, No. 5—Mrs. James W. Haigh, 840 West Lafayette avenue, Jacksonville.

Jacksonville, No. 6—Mrs. John W. Clary, 816 West North street, Jacksonville.

Jacksonville, No. 7—Mrs. Ernest Clark, 311 North Prairie street, Jacksonville.

Jacksonville, No. 8—Miss Edith Rodgers, 332 South Diamond street, Jacksonville.

Jacksonville, No. 9—Mrs. Henry English, 844 West College street, Jacksonville.

Jacksonville, No. 10—Mrs. Fred Bolton, 703 South Diamond street, Jacksonville.

Jacksonville, No. 11—Mrs. Spohn White, 773 South Church street, Jacksonville.

Jacksonville, No. 12—Mrs. Eva Green, 421 West College street, Jacksonville.

Jacksonville, No. 13—Mrs. Mayme Seymour, 811 East College street, Jacksonville.

Jacksonville, No. 14—Mrs. Barbara Gruber, Hardin avenue, Jacksonville.

Jacksonville, No. 15—Mrs. Hettie Platt, 907 Rountt street, Jacksonville.

Jacksonville, No. 16—Mrs. Lula Whitlock, 1314 South Clay avenue, Jacksonville.

Jacksonville, No. 17—Miss Ruth Dunlap, R. F. D. No. 6, Jacksonville.

Jacksonville, No. 18—Mrs. William Geary, R. F. D. No. 3, Jacksonville.

Jacksonville, No. 20—Miss Margaret Todd, Mound avenue, Jacksonville.

Alexander—Miss Mary Hohman, Alexander, Ill.

Arcadia—Mrs. Goldie Brainer, R. F. D. No. 4, Jacksonville.

AN OPEN LETTER

Rev. M. L. Pontius.

My dear Dr. Pontius:

Your high professional standing in the community and your deserved reputation as one of our most useful and honored citizens make your utterances on any public question well worth attention.

I read with interest your late address at the Labor Assembly Hall, and I confess I share the surprise which I know many of your friends and admirers felt at some of the sentiments as published.

The strike situation is a complicated one and presents many difficult aspects for even an industrial expert. I am ready to say that for one I should hardly dare act as umpire on many of its simplest problems. However there are some very plain principles involved in it which any layman of sense and good heart, unversed in labor vexations must want upheld. It is because I seem to find them ignored in your address that I venture to refer to them.

1. Solution of our present troubles calls for judicial carefulness in statement of facts and avoidance of expressions which intensify class feeling.

I must think that your statement that railway executives and coal operators are intent now on destroying the unions is such an expression.

When we consider the general attitude of recognition of unions which the great majority of railroad administrations have come to take toward them; their favoring the aims of and amicable cooperation with, organizations like the Big Four Brotherhoods to the advantage of both parties, to assert that a deadly hostility exists between them, intensifies feeling, and the more so as it misrepresents conditions. Not the unions—as such—but the violent deeds of radically inspired unions like the Herrin horror and the Jolt trouble, awaken the resentment not only of officials but of every law-abiding citizen.

2. The seniority issue hardly gets satisfactory treatment in your address. When you say the rail executives are trying to destroy the mens fundamental rights. These seniority rights, as they are described, are earned by faithful and continuous service. Striking automatically breaks that continuity. To break, at will, connection with a job and thus harass an employer, and then expect to retain intact what has been, in pro facto, destroyed hardly seems reasonable to a plain man on the street. To demand that no difference shall be made between men who desert and obstruct service and men who are loyal to an employer—flaunts justice in the face. And to violate express promises made to these men and to new men who, at risk, fill empty jobs in an emergency looks to another plain man up a tree as flagrant and ungrateful repudiation. Such flagrant unjust

tice strikers themselves are quick and right to resent.

My dear Mr. Pontius, let it be admitted that all right in these painful struggles is not confined to one side, but let us who are advocates of community peace be the first to avoid biased statements of facts and expressions which provoke and perpetuate ill feeling. Let us who are counselors of justice, between every man and his fellow help by our own words to secure that justice to every worker—union or non-union alike.

It is because of our warm personal regard, and the common desire I am sure we possess that truth and justice and right alone be upheld, that I have ventured to thus frankly address you in this public way.

Very Sincerely Yours
F. S. HAYDEN

GOOD ROADS DIRECTORS
TO MEET WEDNESDAY.

The first meeting of the Morgan County Good Roads Association board of directors will be held Wednesday evening at the Chamber of Commerce. The board was elected last Wednesday evening and this is the first time they have ever met together. The organization and launching of a new membership campaign will be a feature of the meeting. Many new members have been entered in the association in the past two days from Woodson and it is believed that with a little effort the membership can be brought to the five hundred mark which is the fixed goal.

Quality is our motto. We recommend Robins Best, America's finest flour.
MACKEY & DAVIDSON

WILL CHANGE TIME OF MEETINGS

The Commercial Committee of the Chamber of Commerce will hold its weekly meetings in the evening instead of in the afternoon as has been the custom. The reason for the change is because it is hard for many of the members to be present in the afternoon because of business connections. The change will take effect Monday.

FINAL CLEARANCE
SALE OF ALL OF OUR SUMMER GARMENTS AND MILLINERY WHICH WILL BE OFFERED REGARDLESS OF COSE AT HERMAN'S

REAL ESTATE TRANSFERS.

LITERBERRY

Misses Wilma Bair and Bernice Lynn have returned to their homes in Chandlerville after an extended stay in Literberry.

Mrs. A. W. Petefish has returned home after a week's visit with her daughter, Mrs. Clyde Lewis, near Prentice.

Miss Thelma Litter is enjoying a two week's vacation from her duties in the telephone exchange. She expects to spend part of the period at the Jacksonville chautauqua.

Mr. and Mrs. W. W. Young and Mr. and Mrs. O. N. Petefish were Jacksonville visitors Saturday.

Doc McFarland and family are now occupying the residence property owned by Taylor Hend-

erson and which was for so long the location of the telephone change.

Mrs. Robert Chapman of Carrollton is here for a visit with Mrs. O. N. Petefish.

Mrs. Broune and daughter Quincy are here for a visit to the home of Mrs. J. M. Dant.

Mr. and Mrs. Ernest McLaughlin and daughters of Plainsville are visiting relatives near Literberry.

Miss Aileen Young has returned to her home here after a week's visit in Woodson.

The First Super-Western Comedy Ever Screened
His Back Against the Wall
The most unusual Western picture you ever saw! It tells a story which will keep you roaring with laughter from the start to the finish—and yet, when you go out, you will have the feeling that there was a serious lesson underlying the comedy.
RAYMOND HATTON, who plays the leading role in "His Back Against the Wall," does some riding stunts which his friends say put it all over TOM BIX, WILL ROGERS, DOUGLAS FAIRBANKS, WILLIAM HART, and the rest of the experts at fancy riding. Hatton, however, is a modest and retiring sort of person, who insists that he's only a "Le Page Rider." Whether or not Hatton stocks on his horse by means of glue, as he intimates, or just because he can ride, is a matter for the audience to settle, when he does some of his daring stunts.

When is a Lie Not a Lie?

Monday, and Tuesday,

The wonderful and gorgeously gowned WANDA HAWLEY IN "The Truthful Liar"

Although David Haggard and his wife, Tess, love each other, they have few tastes in common. Haggard is engrossed in his engineering projects while Tess, being fond of society, finding her husband frequently absent from home goes out a great deal. Arthur Sinclair has grown up with Tess, and although Haggard treats him with contempt, Tess finds him an excellent companion.

Tess prevails upon Sinclair to accompany her to the Metropolitan Club, a fashionable gambling house. The place is raided by gunmen and Tess is robbed of her jewels, while Sinclair is slightly wounded. She takes him to his boarding house where she attracts the attention of a blackmailing maid. Haggard returns home and observes Tess' rings are missing. She lies about the matter and later is exposed when the police show her a lot of jewels for identification. Haggard is enraged when he learns the truth and orders Sinclair out of his house.

Tess writes a letter to Sinclair in which she says same pun-

gent things about her husband. This falls into the hands of the dishonest housemaid. When Haggard apologizes to Tess and wishes to make peace, she seeks to discover the letter she had written. But the letter has been bought by Frank Potts, a political crook, who offers to return the letter to Sinclair for \$15,000. He tells Tess who goes to Potts' office with \$7,000. Potts refuses to sell the letter for that amount and then tries to rob Tess who defends herself vigorously. Arthur arrives as Tess leaves hurriedly and he has a talk with the crook. He leaves and a few minutes later, a detective arrives to arrest Potts and finds his body with a stab wound in the neck.

The trail leads to the home of Tess and the police conduct an inquiry. The incriminating letter comes to light and falls into Haggard's hands. But the murder, it develops, was the work of Vanetti, an old-time enemy of Potts'. Haggard tears up Tess' letter unread and they are reunited on a basis of mutual understanding.

She Was 'He' Until She Fought

That's "Whistling Jack McConnell," a truck driver, on the left. At least, she was until she mixed up in a fight with Charlie Weaver, of Philadelphia, Pa. Then the police found out that "he" was Florence Gray. That surprised "Whistling Jack's" young lady friends, one of whom is shown here with her.

CALLS NICHOLS PARK BEAUTIFUL SPOT

F. W. Rucker, Former Resident Writes About Park in Independent, Mo., Paper.

Frank W. Rucker, for a number of years resident in Jacksonville, was a recent visitor here. This week's copy of the Jackson county (Mo.) Examiner of which he is the business manager, carries some special correspondence under a Jacksonville date line.

In this article Mr. Rucker makes comment upon the beauties of Nichols park and compliments S. W. Nichols, whose generosity in the beginning made the park possible. In the article Mr. Rucker says:

"Until twelve years ago this city, the home of five colleges, three state institutions and 16,000 inhabitants, was without a city park of any sort. Today as it enjoys its modern municipal playground of 100 acres, it is wondering how it got along without it—and the entire community within a radius of twenty miles is thinking the same. This park is a county as well as a city playground. As many rural people as Jacksonville citizens enjoy it."

"This park was not acquired by the voting of men. It is the gift of a good citizen."

"I doubt seriously if we ever would have voted bonds for a park, a prominent citizen told me the other day as we discussed the value of this gift. 'If Sam Nichols hadn't given us this park we probably would still be without one.'"

"Samuel W. Nichols is a modest, unassuming, hard-working newspaper man—a good friend of everybody, the financial backer of scores of college boys striving for an education—quiet of speech but loud in goodness, unselfishness and kind deeds."

"He sensed the need of a city park for his city's children and his own generosity impelled him to provide it."

"When Mr. Nichols gave this park to the city the value of the land was estimated at \$10,000. Today the land alone without its improvements would be worth seven times as much. Mr. Nichols' only stipulation was that the city pay him five per cent interest for ten years on the purchase price of his gift to the city. This interest money has since been turned over to the city to be used in the maintenance of city playgrounds in the residence sections."

"Nichols Park is a quarter of a mile outside the city limits and is reached by a fine oiled road and a trolley line. It is maintained on a tax of less than a mill."

ILLINOIS PEACHES GIVEN TRADE MARK

Illinois Fruit Exchange Labels Them as Illini—Peaches Should Be Canned in August.

CENTRALIA, Ill.—Fruit growers who are members of the Illinois Fruit Exchange are marketing southern Illinois peaches for the first time under the newly adopted "Illini" trade mark label. Used only on the fruit of the highest quality this trade mark label is identifying the best of peaches for home canning purposes.

"Can your peaches in August this year," says C. E. Durst of the fruit and vegetable marketing department of the Illinois Agricultural Association, "for that is the time the best peaches for home canning will be on the market."

According to Dr. Durst, August peaches ripen in warm, dry weather, which gives them a higher flavor and richer syrup than the northern peaches which ripen in the moister weather of late August and September.

The southern Illinois Elberta, ripening in August, is particularly good this year. Due to crop failures last year the trees are in vigorous condition and a great number of thrifty orchards are bearing their first fruit.

SWIMMING POOL AT MORRIS, ILLINOIS

Morris, Ill., Aug.—By The A. P.—A swimming pool is under construction at Gold Park here which will be supplied with water from a deep well which has been drilled 172 feet in the ground.

Decidedly Smart

We have just received from Julian & Koenge, the famous shoe manufacturers and acknowledged style creators, two new shoes for fall wear.

Julian & Koenge have built us many beautiful shoes, but we really feel that the two new patterns just received excel anything they have made for us heretofore.

Both are low heel styles. One is patent and a new shade of gray suede combination. And, the other is a very striking combination of tan calf and beige suede.

To be appreciated these shoes must be seen.

Priced at \$6.95

AMERICANS WANT TO APPEAR AT COURT

One of Them Tells of the Ceremony of Meeting the King and Queen.

LONDON.—There has been keen rivalry among Americans in London to gain entrance to King George and Queen Mary's court levees, which have been revived for the first time in eight years. Colonel Harvey, the American Ambassador, has been inundated with requests, pleas and prayers from Americans of all ranks "to see what the King and Queen look like." Every sort of argument has been advanced by the petitioners, and the Ambassador has found it difficult to choose between those legitimately entitled to a bowing acquaintance with the King and Queen and mere tourists or "social climbers" who want something to write home about or to put in their diaries.

Among the favored American women who were permitted to bend their knees before George and Mary was the wife of a Washington diplomat, who has given the following description of the function:

"The dominating and most lasting impression was the appearance of the Queen. I had been led to expect from photographs and published descriptions that she was of a severely matronly type. Instead, she seemed to be perfectly beautiful; in fact, superb in her regalness and wearing her magnificent jewels like flowers. Her face had nothing of the pictured severity, but radiated the kindest of smiles as I passed and courted."

"The court was everything I had imagined it would be in pomp and grandeur, but thruout it all there was a wonderful human note. The King and Queen seemed delighted to welcome us. Of hauteur there was none; in fact, the manner in which the Queen and Princess Mary kept chatting and laughing during the intervals seemed to indicate that the members of the royal family were enjoying themselves as much as we were."

"The machinery of the ceremony was so wonderful, so perfect in its apparent effortlessness that there really was no reason to be nervous. White-gloved hands were already ready to arrange our trains, to point the route we were to go, to hold up for a moment, or indicate that we should proceed. It was impossible to do the wrong thing. The courtesies before the king, then a few steps and another courtesy before the Queen, and the presentation was over before I realized it."

"The difference between the Court and a Presidential reception at Washington is essentially one of background and size. We lack the brilliance of uniforms and decorations, but we excel, I think, in the beauty of our women and the elegant simplicity and quick dignity of the dress of our men."

EAST ST. LOUIS MAN INJURED IN CRASH

Cleveland, Aug. 12.—Ed Burget of East St. Louis, Ill., was injured probably fatally today when his automobile crashed into a fence during automobile races at Maple Heights race track.

He was taken to a hospital where physicians say his chances of living thru the night were slight.

MR. AND MRS. GREEN ARRIVE IN CITY

Mr. and Mrs. Harold K. Green of Janesville, Wis., arrived in the city last night for a visit with relatives and friends. Mr. Green is manager of the display advertising department of the Janesville Gazette and was formerly engaged in newspaper work in this city.

TO RETURN FROM COLORADO

Mrs. M. H. Havenhill and daughter, Miss Lillian, who have been spending a number of weeks in Colorado, are expected home tonight. It is possible because of interrupted railroad service that they may not arrive until Monday.

THE QUALITY SHOP

TUCKY OFFERS NUMEROUS WONDERS

Connolly Write's In Interest-
Way of Experience's In
the Grass State.

Elisabeth Connolly, daughter of M. M. Connolly of Murray, is associated with the Newton Chautauqua circuit and has recently written in sprightly vein telling of experiences down in Kentucky. Graphs from the letter are as follows:

Nashville, Tenn.
Dear Parents:
I have finally accomplished the impossible and found a few

moment in which to write you. As my letters so far have been all personal, I shall try to give you a short description of Kentucky "as I have seen it."

My first jump was from Louisville, Ky., to Jenkins, Ky., a town of 5,000 inhabitants, 250 miles from Louisville. I left Louisville at 7 a. m., and rode for four hours through the famous "blue grass" section. Made my connection at Lexington and began my ride into the mountainous section. It was a very picturesque ride and a most interesting one. There were several old southern colonels in the parlor car and they made sure that no point of interest escaped me. We followed the Kentucky river from Irvine Ky., on, and a most tortu-

ous course it is. As soon as one entered the mountainous country, they realized that civilization is of slow growth.

On each side one sees the primitive log cabin with the outside chimney, no building surrounding it and the rail fence of Lincoln's day. The towns are passed tried hard enough to be progressive, but the country is just as it always was. Civilization put a railroad thru and stopped. I reached my destination at 10:30 p. m., but still had a drive of seven miles over a mountain that the train could not climb. It had been raining since 4 p. m., so I was rather apprehensive of my first trip over a mountain under such conditions. However, I found a car waiting for me so there was no alternative but to go. We began the ascent (500 feet) and made the try in safety although it seemed strange to ford streams and back into a siding to await the approach of another car. You can imagine my astonishment at the foot of the mountain to find a city well illuminated, paved streets, brick buildings rising to a height of six and seven stories on either hand and being taken to an up to date club house and recreation building, where I was to spend the week.

I shall not dwell further on the beauties of the place as I have pictures of points of interest, but it is the site of the Elkhorn coal mines, seven of them, grading the best coal in the U. S. During the war it was used for the various munition plants requiring intense heat. We were taken into the mines and learned much from the trip. The mines, by the way, are non-union and "all is well" there. Jenkins is rated as the finest mining town in the world. John G. Smith is the head of the company and the man who had the

vision. He has a palatial home there overlooking the lake with the mountains rising on all sides. He and his wife invited me to spend Sunday with them and it proved a most enjoyable one.

Home of Famous Novelist.
That is the scene of the "Lonesome Pine." We saw John Fox's home and saw the man who was "June's father." He is known locally as "Dead Man Wright," and has killed twenty-five men, June, by the way, is happily married and lives at Whitesburg. We played at that town. It is there that Daniel Boone's tree stands—or rather stood until a few years ago, when a committee of w-men moved it to Washington.

I will not go into any more description but just relate the points of interest for I have practically been all over the state. At Paint Lick, Ky., we found Uncle Tom's Cabin, the whipping post and the "one time splendid residence" of Uncle Tom's masters, the Edwards family. At Bardonia, Ky., is the home of Steven Foster. It has just recently been taken over by the state.

As we approached it a large sign reads: "Not Open to the Public," but on trying the gate it opened so we drove up the winding drive. Here another sign read: "Do Not Approach the House" but as we don't believe in signs we approached and took a picture of it sign and all. (Ha). At Hodgenville, Ky., we found the famous memorial to Lincoln enclosing the log cabin in which he was born. The people still talk of its dedication in 1916 and Wilson being here. By the way, it is not in Hardin county, now as our histories all relate but in La Rue as the county lines have been changed since.

Last but not least we spent one Sunday at Mammoth Cave; we were playing only 20 miles away so had no trouble in getting there. I suppose you received my folders and cards from there? Will say in passing this that the Onyx Cave, three miles from there, and only recently discovered (1915) far surpassed it in beauty. (It is entirely white as it is still growing. Giant stalactites are on all sides. Roses and lilies of white crystal, gypsum greet you, while veils and draperies of transparent onyx and alabaster surround one and one literally walks on diamonds.)

We spent last Sunday at Dawson Springs, the famous summer resort, and visited the gigantic hospital buildings erected by the government for its tubercular soldiers.

The western part of Kentucky is mostly mining towns and they have had their own trouble with strikes. The majority of the people are rustic and uncouth. The percentage of illiteracy is appalling. These people surely need chautauquas, but they need more than that. The average school year is five and six months, while the law only requires two months of school. One is not surprised that same law making body encouraged the teaching of evolution.

Raise Lots of Corn.
One thing surprised me during my travels and that is the amount of corn raised. The fields are not large, but every one raises some. It appears to me that it is being raised under difficulties, but they all inform me it is worth the trouble. While I am on the subject I will say that the opportunities for "moonshiners" are just as good as they ever were. A man can "hide out" indefinitely there.

Just for an example I will tell you a personal experience. You remember David Munroe who is a graduate of Chicago University. He is a geologist and is out here in the mountains. On learning I would be only 60 or 75 miles from his nearest railroad he sent me word that he would arrange to spend Sunday with me. He, by the way, was 40 miles from the railroad, (Jackson, Ky.) and no way to reach there only by horseback (mules). He and a pal started for Jackson Friday noon. They rode all night over the mountains and at daybreak were reaching the top. Then they had until 2:30 p. m., to reach the denot but the train pulled out before they arrived. He got me on long distance telephone and related his experiences. They had been held up seven different times by men with guns to find out who they were and where they were going. One drunken fellow detained them over an hour. They have a native guide with them always to make friends, but this was out of his territory, so they were all under suspicion. It surely was an experience. One could not believe it to be the twentieth century.

I was disappointed in not getting to Danville, the location of Centre college, (the famous football team) and to Springfield, Ky., the home of the Dominican Nuns. I spent a day and night at Nashville enroute here. I stay at the Hermitage hotel and saw the headquarters of Grant and Thomas during the Civil war. Nashville hasn't many points of interest, everything looks old and antiquated and the capitol needs paint as badly as our own at Springfield.

Sunday I shall be at Chattanooga, and the Sunday after at Atlanta, Ga. Then we expect to have a Sunday on the coast before we start back north. The weather has been fine. We have rain often and have had only two warm days. None of the nights have been warm; not nearly so as I experienced there in Illinois. Last year I found it warm in Minnesota. So far it has been cool in Kentucky. It evidently isn't a matter of latitude.

Our chautauqua circuit is very much of a success. Every one of my towns has retracted so far, for every member goes over big. The talent comes in each day and I see the same crowd once a week it is always interesting.

I can't complain of the accommodations. I have had a nice room with bath in every town. At

FOURTH QUARTERLY CONFERENCE HELD

Meeting Was Held in the Chamber of Commerce Rooms Saturday Morning—Ask Retention of Rev. F. E. Bracewell for Another Year.

The fourth quarterly conference of West Jacksonville Methodist Episcopal circuit was held yesterday morning in the Chamber of Commerce rooms with Rev. E. L. Fletcher, district superintendent, in the chair.

A very successful year was reported, great growth was noted in the Epworth league, and many improvements have been made on Ebenezer church building.

The people of the circuit are so satisfied with the work of their pastor, Rev. F. E. Bracewell, that they have applied to Bishop Nicholson to have him remain their minister for another year.

Superintendent Fletcher stated that as the churches were all in good shape, and as every one seemed satisfied with the present pastors, that it was probable that the conference would make comparatively few changes in ministers this year.

An election of officers of the circuit was held and the following were elected:

Ebenezer church trustees—A. C. Reid, William Haddon, John Moss, Charles Martin, C. S. Black, Fletcher Blackburn, A. C. Rowe, Austin Patterson and W. A. Bridgeman.

Ebenezer Stewards—Charles E. Patterson, A. C. Reid, John H. Haddon, A. W. Waltman, Floyd Moss, James Martin, Edmund Dinwiddie and Clyde Black.

Wesley Chapel Trustees—James Allan, Charles Middleton, Grover Vasey, John Lazenby, Robert Middleton, Joseph Wilson, James Ransom, Fred Tendick and William Ransom.

Wesley Chapel Stewards—Herbert Mawson, Albert Richardson and Robert Scott.

Parsonage trustees—John Haddon and James Allen.

President W. F. M. S. for Ebenezer—Mrs. Emma Cully; for Wesley Chapel, Mrs. Florence Tendick.

Ladies' Aid president for Wesley Chapel, Mrs. Stella Hills; for Ebenezer, Mrs. C. S. Black.

District Stewards—John Haddon and Herbert Mawson.

TO RETURN FOR CHAUTAUQUA.
Dr. H. L. Griswold left Saturday afternoon for Lake Matanzas and upon his return will be accompanied by members of his family and John Powers of Chadwick college, who has been a guest at the Griswold cottage for the past three weeks. The Griswold family is coming home at this time to spend a week at the chautauqua.

WANTED
To rent 2 or 3 modern rooms, furnished; west side preferred. Address R. X., care Journal.

first when I was organizing and making a town each day or two, I found some poor places to eat, but have done better since. Haven't learned to eat corn bread tho they have it here for every meal, "everywhere."

Will write again after I reach Georgia.
Your loving daughter,
ELISABETH CONNOLLY.

Hot Race for Batting Honors In American League This Season

Cobb and Sisler in Virtual Tie for First Place According to Last Averages—Rogers Hornsby Still Leads National—Hot Battles Are Being Staged in the Minor Leagues

CHICAGO, Aug. 12.—The race for batting honors in the American League has developed into one of the hottest fights in years with only a fraction of a point separating Ty Cobb and George Sisler, for the premier honors. The St. Louis favorite has been out of the game for about a week, and the Detroit leader kept up his consistent hitting until he was at the top of the list. Sisler returned to the game and since that time has been giving the Georgia peach a hard fight. Sisler gained the lead, then he struck a snag which the Tigers' pilot took advantage of, and today, with averages including games of last Wednesday the two stars are in a virtual tie with .409 each. However, in order to decide just who is out in front, the decimal when carried out beyond the usual three figures shows the Detroit manager with a percentage of .40956 and Sisler's .40920.

Ken Williams, the home run slugger of the majors who has cracked out his 30th homer, has joined the select list by boosting his mark from .313 to .329. Tillie Walker of the Athletics is the runner up to Williams for circuit drive honors, with .25, and "Babe" Ruth, the king of swat, is trailing the pair with .21. Williams in addition to leading in four play hitting continues out in front for total base honors, while Sisler, his teammate, ran his stolen base record to 37.

Other leading batters for 85 or more games, Speaker, Cleveland, .376; Tobin, St. Louis, .344; Heinman, Detroit, .343; Bassler, Detroit, .342; Ed Miller, Philadelphia, .339; O'Neill, Cleveland, .330; Williams, St. Louis, .329; Blue, Detroit, .325.

National League. Reb Russell, the former Chicago White Sox pitcher, who essayed the role of outfielder with the Minneapolis club of the American Association when he realized that his efforts on the mound were fading, is now giving the National League a surprise by his heavy hitting. Russell was obtained by the Pirates from the Minneapolis club. He was one of the best hitters in the league and was somewhat of a home run clouter. Since joining the Pirates he has socked out three homers in fourteen games. His batting average is .423, being the result of 22 hits in 52 times at bat. In addition to his three homers, Reb made six doubles and a triple.

Rogers Hornsby, the St. Louis batting star, however, continued to top the list of hitters in the Heydler circuit, who have played in 85 or more games. He is crowning the pill for an average of .387, and is out in front in total bases with 289, and in home runs with 28. Grimes of Chicago is the runner-up to Hornsby in batting with a mark of .361 and Bigbee of Pittsburgh with .360 in third.

Max Carey of the Pirates continues to show the way to the base stealers with 83 thefts, and also is out in front as a run getter, having registered 94 times. Other leading batters: J. Johnston, Brooklyn, .356; Garey, Pittsburgh, .349; Miller, Chicago, .348; Kelly, New York, .347; Hollocher, Chicago, .345; Daubert, Cincinnati, .344; Walker, Philadelphia, .342.

Jay Kirke, Louisville's slugger has batted himself into the lead and a tie with Myatt of Milwaukee, for batting honors in the American Association, while E. Brown, Indianapolis entrant for the batting crown suffered a batting slump which caused him to drop from the place to third. Kirke and Myatt are tied with .374 and Brown's mark is .367. Kirke reached the top rung by smashing out 14 hits in the last eight games.

Bunny Brief poled another homer and ran his string to 23, and Lamar of Toledo showed a sudden burst of speed on the paths and ran his stolen base record to 29, the mark held of Indianapolis set a week ago. Mathews of Milwaukee, added a base to his string, and the trio are tied.

King Lear of the Brewers is leading in total bases with 256 and Wilbur Good of Kansas City, is showing the way to the run-getters. He scored 109 times, second to the mark held of Indianapolis set a week ago. Mathews of Milwaukee, added a base to his string, and the trio are tied.

Tucker of New Orleans has been trailing Lapan of Little Rock who batted himself into the lead among the Southern Association hitters who have played in 85 or more games, and according to averages released today had which include games of last Tuesday, the pair is deadlocked for the lead with a mark of .344.

Gonnelly of Little Rock ran his home run string to eleven by poling one circuit drive and increased his total base record to 240, which besides his four ply blows include 25 doubles and 14 triples.

Bogart of New Orleans scored four more runs for his club and is out in front as a run getter, with 94 tallies. Silvio of Birmingham ran his string of stolen bases to 36 by pilfering a couple during the past week.

Other leading batters: Schlefer, Little Rock, .339; Connolly, Little Rock, .333; Neum, Birmingham, .333; R. Williams, Mobile, .327; Henry, New Orleans, .327; Camp Memphis, .321; Bogart, New Orleans, .317; Huhn, Mobile, .313.

Western League. East of Wichita is giving promise of making it a hot fight for the batting honors of the Western League. In his last eight games the Wichita slugger has smashed out fifteen hits, including three homers, and is pushing Fisher of St. Joseph for first place. Fisher suffered a slight slump during the past week, but retains the lead among players who have participated in 85 or more games, according to averages released today and which include games of last Tuesday. His average is .384 and East is five points behind with .379.

So heavy has been the slugging of the Wichita star that he has gone into a tie for total base honors with Davis of Tulsa, the home run leader of the league. They are tied with 291 bases. Fisher includes 25 homers, 41 doubles and 2 triples. Bennett of Tulsa continues to hold the lead as the best run getter with 124 and Hemingway of Sioux City is far in front of the base stealers with 41.

Other leading batters: Manush, Omaha, .373; Metz, Sioux City, .367; Bennett, Tulsa, .363; Elish, Sioux City, .359; Davis, Tulsa, .357; Stuart, Tulsa, .356; Berger, Wichita, .354; T. Long, Denver, .353.

CARDINALS LOST TO CUBS 6 TO 4

Loss Relegates St. Louis Team to Second Place in Race—Osborne Threatens Hollocher.

ST. LOUIS, Mo., Aug. 12.—The Cardinals lost today to Chicago 6 to 4, and dropped to second place. Doak was batted out in the sixth inning and was replaced by Haines. Osborne relinquished to Jones only after threatening to strike field Captain Hollocher.

O'Farrell's home run in the eighth inning with two runners on won the game for the Cubs.

GIANTS TAKE TWO FROM BROOKLYN

BROOKLYN, Aug. 12.—The New York Giants made a clean sweep of the three game series with Brooklyn by winning a double header today 11 to 5, and 3 to 1. High's miff of a pop fly in the seventh inning of the first game gave the Giants the winning margin. Kelly hit his fourteenth homer in the second inning.

McQuillan pitched his first victory for the Giants in the second game. He was aided on the defense by Grob's sparkling fielding.

Score: First Game: R. H. E. N. Y. 10 0 0 204—11 12 3 Brooklyn 100 004 000—5 7 3 Batteries—Ryan, Jonnard and Smith; Decatur, Vance, Mammox and Miller; Hungling.

PIRATES CONTINUE WINNING STREAK

PITTSBURGH, Aug. 12.—A batting rally in the seventh gave Pittsburgh a six to nothing victory over Cincinnati today, the thirteenth consecutive win for the Pirates. Adams was invincible thruout.

Score: R. H. E. Cin. 000 000 000—0 4 2 Pitt. 000 051 016—12 0 Batteries—Rixey, Keck and Wingo; Adams and Schmidt.

SISLER PASSES COBB IN RACE

CHICAGO, Aug. 12.—George Sisler batting star of the St. Louis Browns today soaked the ball at a .750 clip while his rival for the batting honors of the American League Ty Cobb, manager of the Detroit Tigers did no better than a .333 gait and as a result the Mound City favorite is out in front with an average of .412, compared with a mark of .409 for the Georgia Peach.

VISITORS IN NORTHERN CITY Several days ago Messrs. Ollie and Marion Parker made a motor trip to Chicago and then took their sister, Miss Catherine, who had accompanied them, to Rock Island where she will spend the remainder of the month with an aunt. Mr. and Mrs. Ollie Parker Sr., expect to drive to that city about the first of next month.

TO MATANZAS Mr. and Mrs. B. H. McCarty, Mr. and Mrs. James Smith, Mr. and Mrs. T. N. Smith and Mr. and Mrs. Charles Baisley leave for a camping trip to Matanzas today.

Twin Boxers—One Trains—One Fights

LEFT: BENNIE KAHN—AND HIS TWIN BROTHER BERNIE

The Hahn Twins are not generally known in fistic circles altho Bernie, the flashy bantam, has punched his way to a contender's place in the championship glare. Bernie and Bennie Hahn are from turbulent West Virginia and while Bernie fights out of Wheeling he resides in Wellsburg, where in a few miles of the recent mine war at the Cliftonville, W. Va., mines.

Bernie owns a large farm and really has spent some time as a true genuine farmer. Still, he finds time on the side to aid Bernie in his training, tho he himself never has considered the professional side of the arena.

SOLDIER COLLAPSES AFTER BOXING BOUT Trenton, N. J., Aug. 12.—Young Labadie, 24, known as the soldier boxer who collapsed after a bout Tuesday night, died today without recovering consciousness.

Labadie was a private at Camp Dix. He and Louis Barale, a Frenchman living in Camden boxed six rounds and at the conclusion of the bout both seemed in good condition. Labadie suddenly collapsed and surgeons found he had hemorrhage of the brain.

BROWNS TAKE GAME FROM WHITE SOX

Increase Lead Over Yankees Who Are Idle—Chicago Near Victory in Ninth.

CHICAGO, Aug. 12.—St. Louis increased its lead over New York in the pennant race to one game today by defeating Chicago 7 to 6 while the Yankees were idle. The league pace makers concentrated their attack in two innings. Shocker weakened toward the end and in the ninth he was driven off the mound. Pruett came to the rescue with the tying run on base and was greeted with a double by Falk. Wright then stepped in and ended the rally.

MANAGER

Former big league player, Jack Adams, catcher, will hereafter be known as manager of the Seattle baseball team in the Pacific Coast League.

He went to the coast in 1920 from the Philadelphia Nationals, previously having been with the New York Giants and the Cleveland Indians.

American League to Select Officially the Greatest Ball Player

One Selected Will be Honored by Having Name on Massive Monument to National Game to be Erected at Washington—Bar Cobb and Speaker from Competition

CHICAGO, Aug. 12.—For the first time in its history the American League officially is to designate this year its "greatest all-around player." The star will be honored by having his name inscribed on a massive monument to the national game, which will be erected in East Potomac Park, Washington, D. C., to commemorate the sport.

Names of stars selected at the conclusion of future seasons will be added to the monument. The magnitude of the memorial can be judged by the fact that the American League has appropriated \$100,000 to build it and leading sculptors of the nation will be asked to submit designs.

The plan that has been adopted by the league proposes that the selection of the player shall be made annually by a committee of sports writers of the eight cities in the league. I. E. Sanborn, a veteran retired baseball writer, is chairman of the committee, and its other members are J. C. O'Leary, Boston; Harry Nolly, Chicago; H. P. Edwards, Cleveland; H. G. Salsinger, Detroit; W. B. Hanna, New York; J. C. Leaming, Philadelphia; J. Ed Wray, St. Louis, and Denman Thompson, Washington.

Ty Cobb, the Detroit manager, and Tris Speaker, the Cleveland leader, will not be eligible for selection on account of being playing managers, but the competition is wide-open for all other players. Batting, fielding and pitching records alone are not to be the basis for selection, but faithfulness, continuity of service and conduct—both on and off the field—are to be the items of consideration. The rules for governing the award of the trophy announced today by President Ban Johnson follow:

The purpose of the American League Trophy is to honor the baseball player who is of greatest all-around service to his club and credit to the sport during each season. To recognize and reward uncommon skill and ability when exercised by a player for the best interests of his team; and to perpetuate his memory.

The selection of the player to be awarded the Trophy shall be made by a committee of eight active baseball writers, one from each city in the American league. It shall be the duty of the Trophy committee to determine the best player of the year by careful consideration of ability and achievement in all departments of the game; to watch for and encourage the "winning ball player."

Batting, fielding, or pitching averages shall be given due consideration but not such as to constitute them the sole factors in the choice, remembering that combined offensive and defensive ability is not always indicated by any system of records.

Faithfulness, continuity of service during a season, freedom from injury or disability shall be taken into consideration. Conduct on and off the field, absence from games on account of

committees to express his choice freely and without possible outside influence, the ballots shall be confidential, known only to the chairman who shall promulgate only the composite result; provided that the ballots, with their signatures concealed, shall be open to inspection and verification by any interested party.

These rules may be amended, modified or simplified by a majority vote of the Trophy Committee, the Chairman to cast no vote except in case of a tie.

DEATH OF WINCHESTER WOMAN CAME SATURDAY

Mrs. Minnie C. Boes Passed Away Saturday Morning After Long Illness—Other Winchester Notes.

Winchester, August 12—The death of Mrs. Minnie Catherine Boes, wife of Henry Boes, occurred Saturday morning at the family home in the west part of town. The deceased had been ill for a period of six months and in recent days her condition had become serious.

Mrs. Boes was a resident of Scott county for a great many years but had only resided in Winchester for the past two years. She was a woman of fine character and leaves a host of friends to mourn her loss. The deceased was a member of the Methodist church and was a consistent Christian.

Surviving are the husband and four children, Mrs. Edward Wilson, Ruby, Theodore and Herbert Boes, all of Scott county.

The funeral is to be held at 2:30 o'clock Monday afternoon from the M. E. church, in charge of Rev. Carl Corrie.

News Notes

Supt. C. W. Smith and family have returned from a six weeks stay in Champaign. Supt. Smith attended the university during that period.

Mrs. Paul Green and daughter returned to their home in Iowa Sunday after a visit of several weeks with relatives here.

Dave Kilpatrick of Bluffs was a visitor here Saturday.

The carnival which has been in progress during the past week closed Saturday night. The attendance has been large each evening and the patronage liberal, with the result that there is a goodly sum to be added to the treasury of the firemen's association. The auto show and other special features attracted great interest and contributed to the sum total of success. The Ralph Thomas Carnival Co., furnished a number of very good entertainment features.

Frank Hovordale, wife and three children of Berkeley Springs, West Va., motored here this week to visit at the home of Mr. and Mrs. R. D. Armstrong.

Mrs. Edmund Keller of Edwardsville is here for a visit with Mr. and Mrs. Chris Munze and other friends. Mrs. Keller was formerly Miss Madge Ebey of Winchester.

Mrs. John Stewart and Mrs. C. M. Stewart and daughter Mary of Springfield were guests Friday at the home of Mr. and Mrs. C. Munze.

FAIR ASSOCIATION WILL MEET TUESDAY

Matters of Importance to be Decided Upon—Building of Grand Stand to Begin Tomorrow.

President L. A. Reid of the Morgan County Fair Association has called a meeting of the board of directors for Tuesday evening at eight o'clock. The meeting is of a very important nature and will decide the number of exhibitors tickets to be awarded with the many concessions. Final decisions will be handed down as to the classes of horses to be added to the light horse breed.

Work on the grandstand to be finished before the Fair will be started tomorrow and will probably be finished in plenty of time for the opening day. It is to be built thirty feet high with twenty-five tiers of seats and is expected to seat about two thousand people. The horse barn is practically completed and finishing touches will be applied Monday.

The work of clearing the grounds, cutting shrubs, weeds and burning all interfering rubbish will be done this week. The entire grounds will be thoroughly cleared before the opening day. Several concessions have been arranged in the last two days and adds to the long list.

Morgan's Rainbow Division Band Combs Today—Dr. Benson, Famous New York Divine, to Be Heard in Afternoon Address

Sunday, August 13

Morning

10 o'clock
Sunday School, Luther Wiley, superintendent.

11 o'clock
Sermon, Rev. H. A. Sherman.

Afternoon, 2:15 o'clock
Concert, Morgans' Rainbow Division Band.
Lecture, "Policing Jericho's Road," John G. Benson.

Evening, 7:30 o'clock
Address, "The Women and Children of India," Victor Iahibaksh.

Grand Concert, Morgans' Rainbow Division Band.

Monday, August 14

Morning, 11 o'clock

Lecture, "Milestones on the Road," Chas. A. Gage.

Afternoon, 2:15 o'clock
Grand Concert, Morgans' Rainbow Division Band.
Lecture, "A Flaming Arrow," Chas. A. Gage.

Evening, 7:30 o'clock

Concert, Morgans' Rainbow Division Band.

Financial Statement of the Chautauqua and Announcement for 1923.
Lecture, "The Creed of an Uplifter," M. H. Lichliter.

Morgan's Rainbow Division Band will begin a two days' engagement at the chautauqua this afternoon. Dr. John G. Benson, famous pastor of the Travelers church of New York, is to make an address this afternoon. He has achieved wide renown as a minister and orator and his address today is counted as one of the features of the 1922 assembly.

Another strong address is scheduled for the evening, when Victor Iahibaksh will talk on "The Women and Children of India."

Saturday was a satisfactory day, with large audiences present both afternoon and evening. Dr. Gage had for his morning theme "Soldiers of Courage." In the afternoon a Jacksonville quartet, including Mrs. Hackett Wilder, Mrs. Abram Wehl, Messrs. Hackett Wilder and T. J. Brennan gave a concert program.

The members of the quartet were recalled frequently and generously responded. In the evening program especially the singers' audience was especially appreciative and the continued applause gave proof of the pleasure with which the members were received. The chautauqua management also came in for compliments for having arranged these "home talent" programs.

Mrs. Mabel Quam Stevens gave a Biblical lecture "The Scarlet Hand" which held the interest of her auditors. In a very unusual way Mrs. Stevens retold some of the stories of the Bible and impressed anew their lessons.

The quartet appeared again in the evening. The singers gave ample proof that it is not necessary to go outside of Jacksonville to secure high grade platform talent. The solos and quartet numbers were all received with fine enthusiasm.

Henry Clark made the afternoon address. Mr. Clark was announced as a dealer in facts, fun, logic and laughter, instruction and inspiration. Mr. Clark told a Cappy Ricks story full of the spirit of loyalty, of "go-getters," of the man who says "it

shall be done," of progress and achievement. "Life is an obstacle race," he says, "and the man who says 'it shall be done,' is the man who wins. This is the young man's age. The go-getters of today are 30 or under."

The hero of the story was presented as an ex-service man who had lost one of his hands and walked with a limp. His pluck and determination to do things attracted the attention of a man of wealth who put him thru severe tests. In the end the ex-soldier was receiving a \$10,000 salary.

There were stories and anecdotes in lighter vein, interspersed with the scenes and chapters of the narrative and Mr. Clark made it a very interesting hour.

Chautauqua Notes.

The tent of the County Federation of Women's clubs is a place where many call. It is a spacious tent and the members find it a splendid rest room.

Mrs. Caroline Johnson and Mrs. F. M. Roberts are both classed as "old settlers." This is their ninth year on the grounds, and they find each year's chautauqua better than the one preceding.

Miss Elinor Bird of Yates City is a guest of her sister, Mrs. A. G. Cody, on the chautauqua grounds. Recent additions to the tent population are Mrs. Edgar Gibbs and daughter, Miss Martha; Misses Blanche and Nellie Smith of Scott county and Miss Alice Golding of Altam.

One of the most completely equipped tents on the ground is that of Mr. and Mrs. J. M. Daniels. Chautauqua camping is a yearly habit with this family.

The families of J. G. Berger of this city and L. F. Berger of Meredosia occupy adjacent tents. Miss Julia Maddox of Chatham is a visitor at the tent of the Phillips, Green and Boyd families.

WEDDINGS

Bolton-Bush

C. E. Bolton and Miss Willa Bush were married at the Baptist parsonage Saturday afternoon at 2:30. Rev. A. P. Howells officiating. The groom is the son of Mr. and Mrs. Robert Bolton of Murfreesboro and is a prosperous young farmer of that community. The bride is from Louisville, Kentucky. The witnesses were Mrs. A. P. Howells and Miss Maurietta Doenges. The young couple expect to make their home on a farm near Murfreesboro.

Nealon-Bringle

The marriage of John Nealon and Miss Evelyn Bringle, both of this city, was solemnized at 3:00 o'clock Saturday afternoon. Justice C. O. Bayha, officiating. The ceremony was witnessed by R. L. Dumas and Frank A. Robinson.

The bride is a daughter of Mr. and Mrs. Manuel Bringle of 800 Freedman street and has been for some time employed at the Capps mills.

The groom is a son of Michael Nealon of St. Louis and is a butcher in the employ of the Jacksonville Packing Co. He and his bride will make their home in this city.

McKee-Bullard

The marriage of Howard McKee and Miss Dorothy Bullard, both of Waverly, took place at 1:30 o'clock Saturday afternoon. The ceremony was performed by Justice A. B. Opperman, at his office in the Unity Building.

The bride and groom, both of whom are well and favorably known in Waverly, will make their home in that community.

We have just returned from the millinery market with a complete line of fall and winter millinery. The public is invited to call and inspect the beautiful line of hats.

L. C. & R. E. HENRY
Opera House Milliners

CLUBS AND SOCIETY

Entertained at Dinner.

Mrs. Sarah J. Hayden and daughter entertained a company of friends at dinner yesterday, the event being enjoyable in every way. The list of guests included, Mrs. D. A. Kloethe and daughter, Miss Ethel, Mrs. J. T. Glass of Piper City, Mrs. George Simpkins of this county and Mrs. R. Nichols of Concord.

Lutheran Aid
Holds Meeting.

Mrs. Chris Horner of Joy Prairie entertained the members of the Lutheran Church Aid Society at her home recently. About twenty-five of the members motored to the Horner home and spent the afternoon in sewing, following a picnic supper.

USED CAR BARGAINS

Two model "90" Overlands at \$225 each. Oakland touring, Chevrolet touring and several others. If you want a good car, for little money, see **BERGER MOTOR CO.**

WOODSON MEETING

POSTPONED
The regular monthly meeting of the Woodson Women's club, which was scheduled to be held Tuesday, will be postponed until the following Tuesday because of the Jacksonville Chautauqua.

SPECIAL NOTICE

We have a few Chautauqua tickets left. Rabjohns & Reid's Dry Goods Store.

CRIDLAND FARMS TO SELL AT AUCTION

Lands Located Three Miles From City Will Be Offered By C. A. Johnson and J. Weir Elliott Executors.

An important land sale is scheduled for Saturday, Sept. 16, at the Morgan county court house when farm property belonging to the estate of the late Joseph Cridland will be offered for sale to the highest bidder. Charles A. Johnson and J. Weir Elliott are executors of the estate.

The farm comprises 172 2-3 acres more or less, and is one of the choice tracts of Morgan county located about three miles west of the city. Mr. Cridland was a careful farmer and directed crop rotation in a way to maintain the fertility of the soil. For a number of years M. L. Watt has had the land under lease and co-operated with Mr. Cridland in the best methods of farming. Thus today the land is in excellent condition.

The executors, in compliance with the wishes of a number of prospective bidders, will offer the farm in two parts after it has first been offered as a whole.

The 91 2-3 acre tract with the improvements is situated on the Meredosia road and the 80 acres immediately to the south fronting on the Markham road. The improvements and the land are both high grade and the splendid location of the property on a state aid road and so near to Jacksonville makes it certain that there will be a large group of bidders.

Mr. Watt, who is now resident on the farm, will be pleased to show any one about the property, or Mr. Johnson or Mr. Elliott at the Elliott State bank will be glad to talk to persons interested and to arrange for them to visit and inspect the property.

IDEAL BAKING MEN BANQUET

Discuss How to Serve Public Better—Will Organize Club.

A banquet was tendered the officials and employees of the Ideal Baking company last night at the Peacock Inn by the president and general manager, J. N. Conover. The men assembled at 7 o'clock and after enjoying the banquet that was served by the Inn management, held a get-together meeting. Mr. Conover occupied the chair and after a few remarks gave the floor to the other officials, who each made a short talk. Following the talks by the officials the meeting was thrown open to discussion of the subject, "How Can We Best Serve the Public." All of the employees participated in this discussion.

It was decided to organize an association known as the "Ideal club." This club will hold social gatherings at stated intervals and will help promote the company's ideal of how to serve the public, beside their good time side.

Organization meetings will be held regularly.

WILL SHOOT OIL WELL ON MONDAY

Nitro-Glycerine Will be Discharged Even if Casing Has Not Been Removed.

The well on the Mahon farm five miles northeast of Jacksonville will be shot Monday afternoon. This was the statement made by C. F. Rhodes Saturday after a telephone conversation with Lawrenceville, Ill. The man who is to shoot the well is coming from Lawrenceville on the Burlington morning train and will attend to the interesting operation within two or three hours after the arrival of the train.

The eight quart of nitro-glycerine has been kept in a safe and secluded spot for the past week. A special piece of machinery was secured Saturday in the effort to remove the casing but if it is not possible to accomplish this purpose Mr. Rhodes said the shot will be fired anyhow. In that event a cable will be attached to the casing in the effort to hold it stationary and to prevent a serious damage from the nitro-glycerin explosion.

Mr. and Mrs. W. W. Robinson of Colorado Springs who have been visiting Mr. and Mrs. Harry E. Nalle in Chicago and taking in the Pageant of Progress have returned to the city for a few days visit prior to returning to their home at the foot of Pikes Peak. Mrs. Georgie Evelyn Nalle is the daughter of Mr. and Mrs. Robinson.

TENNIS CONTENTENDERS

ATTEND THE MOVIES
Boston, Aug. 12.—Instead of fighting out their struggle for Davis cup preliminary honors, the tennis teams of Australia and France went to the movies or nursed ailments today. The postponement until Monday because of rain of the two singles matches that remain of the tournament of which the Australians led by one match was satisfactory to both.

COME FROM OKLAHOMA

Mrs. J. A. Rawlings, daughter and four sons have recently arrived from Bartlesville, Okla., and are to make this city their home. They are now spending a few days with Mr. and Mrs. E. W. Walter.

OLD RESIDENCE BURNED

The residence on the Robert Taylor farm in Cass county was destroyed by fire a few days ago. This was one of the fine old residences of the county and was built by the father of J. W. Taylor of this city about forty years ago.

New Whipcord Sport Suits

These suits will be very popular this season. A very good value at

Be sure your **CLARK JEWEL** gas range is "Lorain"-equipped

THE "Lorain" Oven Heat Regulator on your Clark Jewel Gas Range will insure you better cooking results and free you from "pot-watching." With this oven attachment it is possible to cook a whole meal at one time without bothering to watch it from the time you put the prepared food in the oven to the time you take out the meal to serve it. "Lorain" will give you three to five extra hours of spare time a day. Come in and see it demonstrated and get your booklet "An Easier Day's Work."

Saves Gas, Improves Your Baking and Cooking, and Gives Hours of Freedom

If most of the fret could be taken out of your housework, with an accompanying distinct saving in money and an economy of time that would give you more hours for recreation, wouldn't that, truly, be an easier day for you?

Such is the delightful message that we have for you. We want to tell you about the new emancipation for housewives—freedom from the slavery of "pot watching."

What's Your Idea? -

Just what is your opinion regarding the egg situation this coming winter? Do you think eggs will be higher than at present?

From all the indications we have, that is, the way people are buying egg-preserver, we should be tempted to say that eggs will be rather scarce and high priced before next spring.

If you get to thinking the same way we should like to supply you with the best egg-preserver. In pinks at 15c and quarts at 25c, at

TELLS FARMERS HOW TO TEST CREAM WITH THE BABCOCK METHOD

Case They Have Any Doubt as to Correct-
ness of Test to Determine Butter Fat, the
University of Illinois Explains Method
—Something Cream Sellers Should Know

URBANA, Ill., Aug. 12.—Because many farmers have
tendency to doubt the correctness of their cream tests, those
selling cream should have a knowledge of the Babcock
method of determining the per cent of butter fat, which is
the method used almost entirely by cream purchasers in
this country. P. H. Tracy of the dairy department of the
University of Illinois today explained the different steps in
the sampling and testing of cream by this method.

The cream can is weighed.
The cream is well mixed
A sample is taken in a clean,
glass sample jar which is
dipped in warm water to break up
lumps that may be present.
The cream can is emptied
after being inverted over a
pan jet to remove the adhering
cream, it is reweighed to obtain
net weight.

A cream test bottle which
is clean and free from moisture
the outside is then placed on
cream scales which are care-
fully balanced.

Nine grams of the well
tested samples are weighed out,
being taken not to spill any
of the cream on the outside of
the bottle. The pipette used in
adding the cream should be
clean and dry or else well rinsed
in the cream to be tested.

Enough sulfuric acid
(usually about 3 cubic centi-
meters) is added to turn the
cream a deep chocolate color after
which water is added until the
contents of the bottle come to the
mark.

The bottle is placed in a
strut and whirled five min-
utes.

Enough water is added to
bring the fat well up into the
neck of the bottle.

The bottle is then whirled
ten minutes.

If a steam test is used the
bottle may be read directly from the
scale. If either an electric or
hand tester is used the bottle
should be placed in a hot water
bath having a temperature of
140-150 degrees F. for five min-
utes. This is very important as a
little read cold will reduce the
fat to 12 to 13 per cent.

Glycol (a red colored
oil) is then carefully added to the
fat column and the
reading made.

When the test is properly con-
ducted the fat column will be a
pale straw color, clear and
free from burnt particles or curd.
Here a steam tester is used, at
least ten minutes will be required
for the electric or hand tester and
those steam testers that do not
keep the bottles at a temperature
around 135 degrees F. If
cream buyers follow in gen-
eral the above procedure and is
careful in his work, your tests
will be accurate.

FARMERS' ATTENTION
Stop, Look and Listen!
Here you are—it will soon
be time to sow wheat—no
time to rent, don't know
where you are going next year.
Don't you think that the wis-
est thing to do is to buy a farm.
You are paying rent and own-
ing your home. The rent you
pay will soon pay for your
farm; besides farm land has
gone up and is starting
upward. NOW, is the time
to buy your farm. I have a
small farm for sale, 163 1/2
acres in a high state of cultiva-
tion, in a good neighborhood,
and just what you want. Will
you make terms to suit.

C. N. PRIEST
Jacksonville, Illinois

SAFE MILK DRIVE IS BEING MADE

Is Under Direction of Dr. I. D.
Rawlings, Director of Public
Health—Cow Testing Associ-
ations are Busy.

SPRINGFIELD, Ill.—A "safe
milk" drive in Illinois is being
waged by the State Department of
Health under the direction of Dr.
Isaac Rawlings, director of public
health.

The department has drafted a
milk ordinance and is urging its
prompt passage by city councils
and village boards.

Over the state, cow testing as-
sociations are busy testing herds
for tuberculosis. In Knox and
Warren counties 85 percent of the
herds have been tested. Great
activity along this line also is
manifested by Kane and other counties
in northern Illinois.

Edgar county, the state health
department says, may well be
proud of its achievement. The
county claims that 100 percent
of its herds have been tested.
There is a reason for this in Edgar
county, the department points out.

Black Beauty, a fat sleek and
apparently healthy cow, was owned
by James Kelly. Five of the
nine members of his family drank
Beauty's milk, and they with the
pig, the family cat and her four
kittens all contracted tuberculosis.
The family physician suspected
the milk and asked the state
veterinarian to investigate. It
was found Black Beauty was tu-
bercular. The damage done by
this one cow stimulated herd test-
ing in Edgar county.

Dr. Rawlings hopes in his drive
to prevent the scale of milk which
does not measure up to the stan-
dards of safety set by his depart-
ment. In reference to unsafe
milk he said:

"While milk is so essential as
a standard article of diet, it is sub-
ject to so many sources of conta-
mination that 'Safe milk' has be-
come a matter of state and nation-
al concern. Infected milk has
long since been recognized as one
of the important sources of epi-
demics of typhoid fever, scarlet
fever, diphtheria, septic sore throat,
tuberculosis and infantile disor-
ders."

"The fight is on. The milk sup-
plies of the larger cities of the
state are as a rule becoming more
and more safe. Certified milk
from tubercular tested herds, pas-
teurization, and frequent inspec-
tions and analysis have accomplish-
ed good results. Smaller cities in
the dairy regions where the milk
is pasteurized are also protected
in some degree, but lax methods
of handling may at any time bring
forth disastrous results. Even
certified milk is not nearly as safe
as pasteurized milk."

**K. OF C. TO HOLD
BARBECUE PICNIC**

Springfield, Ill.—Knights of
Columbus from every council in
central Illinois will gather in
Springfield for the first annual K.
of C. barbecue, to be held August
23.

Besides the barbecue supper, to
consist of pork, beef and lamb, var-
ious diversions such as dancing,
vaudeville shows and athletic
games are on the program. Pro-
visions are being made to accom-
modate ten thousand people.

Prominent business men will
wear the cap and apron, serving
as kitchen police for the day. Oth-
ers will clerk at the various
booths, and some will serve as
errand boys.

The affair is devised to raise
money for the proposed \$250,000
Knights of Columbus home here
where for which a site has just
been purchased.

**NEW PHYSICAL DIRECTOR
FOR WOMEN OF WESLEYAN**

Bloomington, Ill.—(By A. P.)—
Miss Emily Pipal has been ap-
pointed woman's physical director
at Illinois Wesleyan university
here. She is a graduate of State
Teachers' College of Cedar Falls,
Iowa. For two years she was
physical director for the Y. M. C.
A., at Decatur. During the war
she was overseas as a Red Cross
worker.

Roy DeSilva received word Fri-
day from Jessie Baldwin stating
he arrived in Denver, Colorado
Thursday morning, but expected
to leave that night for Billings,
Montana.

"Women Haven't Changed in in 100 Years," Says Cen- tenarian, Spouse of Five

AUGUST JEANSONNE, 111, AND HIS ELDEST DAUGHTER
MRS. JEAN BAPTISTE FRUGE, 92.

By NEA Service.

NEW ORLEANS, Aug. 12.—
August Jeansonne, an ancient
bones do not creak as much as
his flivver does. He's 111 years old
and he won the prize for the old-
est person driving the oldest fliv-
ver in an automobile parade in
Opelousas village.

He drove it himself, all the way
from his farm in St. Landry par-
ish and the flivver looked older
than he did.

Sitting beside him was his eld-
est child, Mrs. Jeanne Baptiste
Fruge, a youngster of 92.

"They came to town to see the
sights and wound up by condemn-
ing flappers, prohibition, short
skirts, cigarettes, bobbed hair and
votes for women."

Jeansonne qualifies as an ex-
pert. He has been married five
times and is the father of 30 chil-
dren—16 of them living—and
grandfather and great-grand-
father of more children than he
can remember.

His Flapper Views.

"These flappers, what do you
think of them, Pere Auguste?" he
was asked as a crowd of short-
skirted girls eddied around the
ancient machine.

"Flappers?" the centenarian
looked puzzled.

"Chickens! Les poulets! Les
petites mam'zelles!"

"They look like a bunch of In-
dians to me," said he in French.
The 92-year-old daughter added,
"In my time we girls needed a
such a performance to win our
husbands."

"They do it to get a man, of
course," said Pere Auguste. "Wom-
en haven't changed. I've been
watching them a 100 years."

His daughter said she didn't
think short skirts, short hair,
cigarettes and votes were necessary
for women to catch husbands.

"Me, I don't need show a yard
of leg to get a husband!" she
said.

Didn't Know 'Twas Dry.

In spite of his 111 years Pere
Auguste hadn't heard about pro-
hibition.

"So that is what the lawmakers
do now," he said with disgust. "I
drink nothing but my Cajun
coffee myself. But to say another
man cannot have the wine and
beer if he wants it, that is im-
becile!"

Pere Auguste remembers hear-
ing his father tell of Andrew Jack-
son's victory over the British not
far from their plantation in 1815,
when he was four years old. He
lives there still, driving his flivver
about the place as he directs the
farm work.

SUPREME COURT TO DECIDE COLOR OF MAN

Case is an Appeal of Takao Japa-
nese of Honolulu—Is Attempt-
ing to Gain American Citizen-
ship.

HONOLULU, T. H.—The Uni-
ted States Supreme Court will be
called upon next October, probably
for the first time in history, to
decide the "color" of a man in the
appeal of Takao Ozawa, Honolulu.
Japanese who is attempting to gain
American citizenship by natural-
ization, according to advice reach-
ing here. Upon the outcome of
the test case rests the disposition
of several other similar suits in
which Japanese have attempted to
become naturalized.

Ozawa contends that he is en-
titled to citizenship on the ground
that he has sought to mold his
life along strictly American lines
in accordance with the best Amer-
ican customs and ideals, and on
the further ground that he is
"white" and is eligible for citi-
zenship under the law which pro-
vides that only a "free white per-
son or person of African descent
of nativity" may be naturalized.

Ozawa's efforts to obtain citi-
zenship began several years ago.
The United States district court
for Hawaii denied his connection
and this decision was upheld by
the federal circuit court of the
ninth district in California. From
this decision he appealed to the
Supreme Court.

Ozawa contended that original-
ly Japanese were of the white race.
He traced the history of Japan
several thousands of years to the
Ainu tribe and said that James
M. Beck, solicitor general of the
United States State Department
had expressed the opinion that par-
ticular branch of the Japanese
race has characteristics of the
Caucasian.

Ozawa came to Hawaii when a
young man and was educated in
the American schools here. In
one of the briefs submitted here
Ozawa said that he had taken
special pains to educate his chil-
dren in American public schools
in order that they might become
loyal American citizens, citi-
zenship having been acquired by
them thru their birth on American
soil. He said his children had
not been taught the Japanese lan-
guage and that "nothing pertain-
ing to Japan for the Japanese had
been allowed to creep into their
daily lives, education or their re-
ligion."

HUNGRY MOSLEMS SEEK RELIEF FROM TURKS

Moslem Inhabitants of Crimea
Prefer Relief from Turks to
that From Other Sources—
Americans Furnish Relief.

CONSTANTINOPLE.—Inclined
to be indifferent to relief from
non-Christian hands, the Moslem
inhabitants of the Crimea, still in
want, are appealing for succor to
the people of Anatolia, fellow
Moslems. "We have hopes that
Turkey, Afghanistan and Egypt
will help us," they say thru their
representatives, "for we prefer
a mouthful of bread from the
Turks to sacks of wheat from other
sources."

Nevertheless Christian relief is
going into the Crimea, for the
American Relief Administration
is distributing foodstuffs there,
and Moslems also have heeded the
call. Thru the Red Crescent de-
legation to the Crimea, Turkey has
sent 10,000 sacks of flour into the
district.

The Turkish delegation went to
Baghela Seral and to Akmedjed,
the Moslem sections of the Crimea.
Its members say the famine is not
so acute as it was. Relief is ar-
riving from various sources.

The Crimea today is an inde-
pendent Federal Soviet republic
with a ministerial council com-
posed chiefly of Moslems. The
people make walking sticks which
are sent to Europe and America
for sale, the receipts being used
for famine relief. The stricken
territories have sent a commission
to Angora, in Anatolia, the
headquarters of Turkish National-
ist movement, who is laying em-
phasis on the desire for help from
Moslem sources. He describes the
situation as bad. Only three
schools remain open, he says;
there has been no sowing of the
usual agricultural products, to-
bacco, cereals, fruit and grapes,
and the harvest outlook is far
from promising.

**TRAINMEN WARNED IN
WILLIAMSON COUNTY**

Carbondale, Ill.—(By A. P.)—
Trainmen hauling coal thru Wil-
liamson county, in which Herrin,
the scene of recent killings, is
located, have been warned to quit
hauling non-union coal. A con-
spicuous sign was posted within
reading distance of the Illinois
Central tracks warning railroad
men to stop hauling coal from the
Kentucky non-union mines.
"This is All," the sign concluded.

**ASSISTANT SANITARY
ENGINEER RESIGNS**

Springfield, Ill.—(By A. P.)—
Alex Van Prag, Jr., who has been
assistant sanitary engineer for
the State Department of Public
Health since early in 1921, has
resigned to become a member of
a firm of consulting engineers at
Decatur.

Dr. A. C. Kingsley of Ayers
bank building made a trip to
Springfield yesterday in the in-
terest of his profession.

CAPITAL SHIPS AND AIRPLANES FIGHTING IT OUT IN ENGLAND

Controversy Starts Over the plan to Build
Two Capital Ships—British Still Regard
Capital Ships as Indispensable—Claim
Are Needed to Protect Ocean Commerce

LONDON.—The question of the aircraft menace and
the building of the two capital ships sanctioned by the
Washington naval agreement, has been raised in the House
of Lords by the Marquis of Linlithgow.

Why, he asked, should it be thought that supremacy in
the air would give to the belligerent that obtained it the
military advantage belonging to command of the sea? He
doubted the ability of aircraft to carry any appreciable
quantity of food supplies needed by Britain, or to pro-
tect her lines of commerce. Also he doubted that the
bomb-dropping or torpedo-firing airplane would be able
to neutralize the capital ship, against which a stream of
"interested propaganda" was being directed.

Lord Lee replied that Britain's naval policy was un-
changed and the capital ship was still regarded as indis-
pensable.

"There have been no new de-
velopments in connection with
either aerial or under-water at-
tack," he said, "which necessitate
a reversal of the decision of the
government to proceed with these
capital ships, or, indeed, any
modification in the constructional
designs which have been already
approved."

"It is the view of the Admiralty
and its military advisers" he ad-
ded, "fortified and based on the
experience of the war and by a
long series of experiments, that it
is possible, both constructionally
and financially, to build capital
ships which shall be reasonably
proof against any known or
likely methods of attack. The
necessary designs for that purpose
already have been worked out
and approved and are ready for
the use of the builder."

"Unless these two capital ships
are proceeded with," Lord Lee
concluded, "we shall have to
abandon the one power standard,
and fall to third place as com-
pared to the United States and Japan,
in the most vital portion of a
fleet. Such a course would be
fatal to our prestige and incom-
patible with government pledges."

BRITANNIA still rules the air
she may not quite rule the
waves. So claims the Air Ministry
in a statement. From this it
appears that:

The British navy is better equip-
ped in regard to aircraft than that
of any other power.

The number of fighting air-
craft available for the navy can
be expanded at the briefest
notice, and pilots supplied.

Important new types of ma-
chines for the use of the navy
shortly will be adopted.

"Development of the naval
wing of flying," said an official
of the Air Ministry, "has been great-
er in England than in any other
country. We claim that the naval
side of the air service is the most
efficient and up-to-date in the
world."

"We have about 98 fighting
machines in commission, equiv-
alent to eight squadrons; another
48 are in use for training pur-
poses, and over 300 are in re-
serve, apart from machines re-
quiring reconditioning. These can
all be manned. Only one squadron
is abroad.

At any moment we can put 700

**GRIDLEY TO VOTE
ON WATER BONDS**

Gridley, Ill.—(By A. P.)—
Gridley shortly will hold a special
election to vote on proposals to
issue \$20,000 in bonds to build a
water works for the town. Ten
years ago bonds amounting to
\$10,000 were issued to con-
struct a surface sewer system.
These have recently been paid
off.

**QUINCY GOLF CLUB
GETS NEW NAME**

Quincy, Ill.—(By A. P.)—A
newly formed golf club here has
adopted the name Cedar Creek
Country club, derived from Cedar
creek, which runs near the course.
The organization has taken over
the old Otis golf course here.

**RADIO REACHING
INTO HONDURAS**

Tegucigalpa, Honduras.—Hond-
uras will have rad. communica-
tion with the outside world within
a few weeks. A powerful wire-
less station, now nearing comple-
tion, will be able to communicate
with the United States and Euro-
pe. It is being erected by an
American company.

AT ANY MOMENT WE CAN PUT 700

KANTLEEK

It Can't Leak,
Because It's Made
in One Piece

EVER been scalded by a leak-
ing hot-water bottle? This
can't happen with a Kantleek.

Kantleek Hot-Water Bags
can't leak. They are "one-
piece" water bags—moulded
from pure soft rubber into a
single piece—no joints or seams.
Most hot-water bottles are made
in sections and cemented.
Cement cracks—bag leaks!

We guarantee a Kantleek for
two years—or a new bag free.

Ask to see the Kantleek.
You may need it tonight.

New Stick Pins

—During our many years in business it has been our pleasure to show hun-
dreds of beautiful articles, but we do not believe there ever was a time when
downright daintiness of design and superb workmanship was so pronounced.

—We have just received a lot of new stick pins, white gold and platinum of ex-
quisite flagree design and gem-set. These pins are reasonably priced and
certainly will make delightful gifts.

BANK OF ENGLAND TO HAVE BETTER QUARTERS

Famous Institution Will Start Long Projected Building—Existing Accommodations Inadequate.

LONDON.—(By the Associated Press)—The long projected rebuilding of the Bank of England will start almost immediately. The Daily Express understands. A meeting of the directors is to be held soon to make the necessary financial arrangements.

It is understood that the plans to be adopted are those of Herbert Baker, the architect who

collaborated with Sir Edwin Lutyens for the new capital at Delhi. Mr. Baker was also the designer of the South African government's administrative building at Pretoria, and of the cathedrals at Capetown, Pretoria and Salisbury (Rhodesia), and the Cecil Rhodes memorial on Table Mountain.

The staff of the Bank of England is now double what it was shortly before the war, largely owing to the vast growth of the National Debt, and the existing accommodations are utterly inadequate. Sections of the staff have been working for a long time at various places in the vicinity of the bank.

A special committee of the directors, including Cecil Lubbock,

has been considering alternative schemes for the rebuilding. The idea of razing the whole of the existing one-story building to the ground was, it is understood, abandoned, partly on sentimental grounds and partly because of the difficulties of obtaining accommodation for the staff during the reconstruction. The present proposal is to retain the outer wall, which abuts on Threadneedle street, St. Bartholomew's Lane, Lathbury and Princess street. This wall, which entirely surrounds the site of between three and four acres, was erected from the designs of Sir John Seames about 130 years ago, shortly after the Gordon Riots, when the bank clerks, sword and pistol in hand, defended the bank against a furious mob.

The wall is in the classic Grecian style, and in some places is 40 feet high. Security demanded that it have no windows and the architect achieved the difficult task of making the wall look ornamental by masking it with Corinthian columns and blank windows. The new building will rise within the wall to a height of 70 or 80 feet above it, and will thus be nearly 120 feet in height.

NOTICE OF REDEMPTION OF CITY RESERVOIR BONDS

Notice is hereby given that in accordance with the Deed of Trust the following numbered bonds of the City Reservoir issue have been drawn for redemption, on September 15, 1922, at the office of the Trustee located in the Ayers National Bank of Jacksonville, and that interest on these bonds as enumerated will cease on said date.

51	\$ 50.00
198	100.00
292	100.00
344	100.00
386	500.00
414	500.00
482	1000.00
501	1000.00

Total \$3350.00
The Ayers National Bank of Jacksonville, Trustee.
Jacksonville, Illinois, August 8, 1922.

EBENEZER LADIES AID HELD BUSINESS SESSION

Members of the Ladies Aid society of Ebenezer church held their annual business meeting at the church. Various reports were made, all indicating that the year just closed has been an exceedingly busy one for the society.

Extensive improvements and betterments have been made at the church, including redecorating and a new roof, and the office is also to be painted in the near future. The ladies are raising the funds necessary for this work has been a large one, but it is now practically completed. The society plans to hold a chicken fry on Wednesday, Sept. 13, when the final dollar will in all probability be added to the fund.

J. A. Cully was among the shoppers in the city yesterday from Alexander.

BUILDING BOOM IN CHICAGO LOOP

Is Noticeable on Fringe of Elevated Railroad Circle—Union Station One of Structures Underway.

CHICAGO.—(By The A. P.)—Despite efforts of commercial and civic organizations fighting the congestion within the iron circle of the union loop, that historic center building boom. The boom, however, is not at the expense of the outlying section and it is most noticeable on the fringe of the elevated railroad circle.

Three great "schemes" are held responsible for the most noteworthy building ventures near the heart of the city. They are the South Water street plan, which will change the famed fruit and vegetable market into a double decked thoroughfare with the upper level devoted exclusively to motor traffic; the Union Station plan, and the Grant Park plan.

These schemes which primarily are traffic control and congestion relief ideas have received the cooperation of the realty owners in the neighborhood and they are promising to cooperate by the erection of architecturally harmonious structures.

The Union Station which is to be erected just across the river from the loop will cost about ten million dollars but the buildings which belong to the scheme will total as much gain. They include two giant freight terminals and a U. S. Mail terminal, the latter nearing completion.

Work is expected to start shortly on the new Illinois Central station at Roosevelt road, just south of the loop. The Field Museum has just been completed to the east of the station. The city is planning to build, just south of the museum, a titanic stadium, which will be big enough to house the Olympic games, and a syndicate has drawn up plans for a great hotel to be called the Stevens, to the west of this group. All these buildings will be of Ionic architecture.

The Chicago Tribune has announced a contest for architects for the plans for a building to be erected by the newspaper, just north of the Chicago river which is to be "the most beautiful building in the world."

Within the loop proper the streets are filled with materials and side walks are occupied by wrecking machinery. Old land marks such as the Stratford hotel, the Grand Pacific hotel, the First Methodist church building and McVickers theatre have been demolished to make room for modern structures, most of them skyscrapers, which rapidly are winging their way skyward.

On the last named spot a \$20,000,000 theatre is being erected, while two other downtown theatres are nearing completion. The Methodist church is building a magnificent sky scraper church in the very heart of the loop. On the site of the Stratford hotel a huge office building is to be constructed, while in the financial quarter the Federal Reserve Bank building is about ready for occupancy, while the steel framework is up for the \$8,000,000 Illinois Merchants Bank building, a block away.

The London Guarantee and Accident building, another towering structure, is under construction at the southwest corner of the Michigan avenue link bridge, just across the Chicago river from the White shaft of the Wrigley building.

BOYS WRITE FROM MEREDOSIA BAY

Rotary Club House
Meredosia, Aug. 11, '22
Editor Journal:

Troop 2 members are having a grand time here at Meredosia Bay. Yesterday the Wetzel Browns defeated the Sanders Blue Devils by a score of 12 to 10 in the second game of a three game series. The Blue Devils having won the first game by a score of 12 to 5.

The final championship game was played this morning and the Sanders Blue Devils defeated the Wetzel Browns by a score of 20 to 6. A change was made in the Blue Devil line up. Harrison was shifted to pitcher, Irving to catcher, Kilver to third base, Bergstrom to first and Randall to short stop. Harrison and Bergstrom made honors.

The Blue Devils were all hitting the ball hard, every player scoring. Harrison and Irving were the batteries for the Blue Devils and did some good playing. Wetzel, Kilver, Sanders and Bergstrom also did some good playing. Dodsworth, Kelly, Reid, Wetzel and Barr of the Wetzel Browns did some good playing for their team. Kelly and Reid did the pitching and Dodsworth the receiving.

Went to the show last night and out side of Sanders, Dodsworth, Kilver, Barr and Wetzel going to sleep everything went fine. We had the initiation last night and the candidates were all sore and tired this morning. "Slaperatus" was not put on last night because of the late hour, as we got thru with the initiation late. Bartlett still gives the good oats and we get rid of them.

BOYS OF TROOP 2

HOUSE PARTY AT LYNNVILLE
Mrs. Lulu Barnhart of Lynnville entertained a number of girls at a house party over the week end. The guests were Miss Nellie Hurt of Alton; Miss Ruby Watt, Ashland; Miss Olive Ragan, Lynnville.

VISITED IN LYNNVILLE

Miss Nellie Hurt has returned to her home in Alton after a week's visit with her aunt, Mrs. Barnhart, in Lynnville.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

Enlistment in the German army covers a period of 12 years. During the World War, 18,322 French war prisoners died in Germany.

The membership of the Boy Scouts of the world is now nearing the 2,000,000 mark.

The first cannon to be cast in one piece was made by an English ironmaster in 1543.

An orphan's home for children of World War veterans will be built by the Pennsylvania American Legion.

Each American soldier is protecting 25 square miles of territory, and giving 848 inhabitants of the country security against foreign interference.

Former service men in Pennsylvania have received \$40,000 in claims from the Government during the last month thru efforts of the Pennsylvania American Legion.

The New York National Guard is to have a flying unit. The total strength will be 31 officers and 160 men, including a photographic staff of 20, and five intelligence men.

John Shoemaker, of Phoenix, Ariz., the "Kid Corporal," who enlisted in the army at the age of 14 and served with the A. E. F., has received a Presidential appointment at West Point.

To get rid of 80,000 gas shells which have been lying in a depot in the northern part of France since the World War, the Government is dumping 170 tons of them a day into the English channel.

The dudman bullet, a soft-nosed or expanding bullet, is named for Dundum Arsenal, near Calcutta, India, where it was first made. Its use was prohibited in war by The Hague conference.

The famous S. K. tear-gas, which proved one of the most effective weapons of the allies in the world war, was partly invented by Dr. Martha Whiteley, a celebrated woman scientist of England.

Memorials of the World War have been erected, not only to soldiers and nurses, but to horses, donkeys, dogs, carrier pigeons and Oriental coolies, who furnished so much of the labor and transport work.

Major Michael J. O'Brien, formerly sergeant major and chief clerk to General Pershing, was recently decorated with the Distinguished Service Medal. O'Brien was born in Ireland and entered the regular United States army as a private in 1903.

Members of the American Legion in Osgood, Ind., with brushes and buckets, whitewashed all the shade trees and hitching posts in the little city. The movement resulted in making Osgood one of the cleanest and most sanitary towns in the country.

According to reports, many ex-service men throughout the country are sending messages to members of the Senate, in Washington, in opposition to the pending bonus bill. They take the view that their services to their country were such that it would be an insult to write "adjusted compensation across their records."

The United States Marine Corps is now offering every recruit a complete correspondence school course of instruction in any of a great number of subjects. The course is taken at Government expense during the three-year period of enlistment, and the studies can be made while in camp, in addition to the regular military training.

The United States army is looking for 1,700 second lieutenants for all branches of the service. All candidates must be citizens of the United States, and between the ages of 21 and 30. Those eligible for appointment are warrant officers and soldiers of the regular army of two or more years' service, reserve officers and members of the enlisted reserve, national guardsmen of commissioned or enlisted grades and graduates of certain technical institutions designated by the Secretary of War.

A giant dirigible of American make is being constructed for the War Department to be used as an airplane carrier. The craft will be of the semi-rigid type, 300 feet in length, and will have a gas bag capacity of 750,000 cubic feet. Airplanes will be carried and dropped with the airship in full flight. Likewise an airplane can fly underneath the dirigible, be picked up with a big hook and hoisting apparatus and brought on board while the ship is flying 60 miles an hour.

NOTICE TO CONTRACTORS

Sealed bids will be received by the city clerk for the laying of concrete sidewalks upon and along the following streets: W. Walnut street and S. Mauvasterre street until 12:00 o'clock Monday, August 21st, 1922. Description may be seen at city clerk's office. J. E. Scott, City Clerk.

FORMER RESIDENT MARRIED IN MICHIGAN

Mrs. Charles Ballington has received word announcing the marriage of Fred J. Mahoney of Kalamazoo, Michigan to Miss Zoe Newton of Hastings, Mich. Fred Mahoney is a son of Mr. and Mrs. L. J. Mahoney and resided in this city up to a few years ago.

Know Your Car?

Ultimately owners will be able to indicate where the unusual sounds come from.

It is not necessary to learn how to eliminate or correct the trouble. Professional mechanics are in a better position to suggest the method of repair. It is necessary for the driver to know when something is wrong and about where and how important that something is.

Study your car—Be fair to it, yourself, and the people who try to help you.

Your trouble and complaint of service will soon vanish. Cooperation will get you more than abuse.

C. J. Deppe & Company**A LETTER FROM NEW ENGLAND**

(Continued from Friday.)

As we follow the Merrimack river to where she empties into the sea. After her mission is finished, it is said the Merrimack river turns more wheels of industry than any river in the world. We find a quaint old city Newburyport. This is the house of Rev. George Whitfield. Here stands the church he founded in 1742. Under the pulpit in a vault lie the bones of Whitfield and two of the later pastors of the church. In the aisle of this church Major Ezra Hunt enrolled the first company of volunteers for the Revolutionary war. The company in October, 1776, went forth to George Washington.

The bell that calls the parishioners to service today was cast by Paul Revere and son in 1802. On the wall of the pastor's study in the church hangs the receipt signed by Paul Revere and son for the same. I spent July 4th in the city and was awakened by the tolling of this bell at 6 a. m. The tolling continued for half an hour. It began again at 12 o'clock (noon) for the same length of time. The sound from this historic bell was heard all over the city.

In Newburyport is also the birth place and home of William Lloyd Garrison of anti-slavery fame. His birthplace yet stands in the shadow of Whitfield's church.

In Brown Square an imposing monument is erected to his memory.

Maine is one of the most beautiful states in the union. On the southeast are the deep cool waters of the Atlantic ocean, delightful caves and bays and a much indented and picturesque coast with the excellent harbors protected by numerous islands. Covering the greater part of the state are great wooded wilds, splashed with countless lakes and cut by numberless rivers and streams.

Portland, a city of 70,000, like Jacksonville a city of houses and elms. Its many densely shaded avenues have earned it the title of the "Forest City."

It is beautiful situated in a peninsula extending into the island-dotted Casco bay.

It is the birthplace and childhood home of Longfellow. His birthplace unlike Whittier's humble house was considered at that time a mansion, a substantial

"Layingest" Hen

Here's a hen that laid its first egg when seven months old and in the 561 days that followed laid 565 eggs. If you know of any hen that can equal that record you'll surprise Mrs. J. J. Skinner of San Diego, Cal., the owner shown here, with the "layingest hen that ever laid."

brick structure. It is yet standing in a remarkable state of preservation. It bears a remarkable resemblance to the country home of the late Judge Stephen Dunlap. Hundreds of tourists visit the Longfellow homestead daily. As I look out over Portland harbor, one of the most beautiful in America, the lines which Longfellow wrote, recalling his childhood, came to me:

"I remember the black wharves and the ships, and the sea-tides toiling free and the Spanish sailors with the bearded lips, and the beauty and mystery of the ships and the magic of the sea."

Great steamers and graceful yachts have taken the place of the schooners that Longfellow knew, and busy factories have sprung up in the city the "Black wharves." A few days passed.

I had occasion to make a trip of some 12 hours up Casco Bay. It was an ideal day. As we sailed out of the Portland harbor, Cape Elizabeth with her lighthouse; as we passed ship after ship from the different ports, the number of lighthouses added to the beauty of the scene. In a short while we were at Little Diamond Island, where Ft. McKinley is situated. The old forts and the new forts and the great guns. How wisely our coast is guarded. Even in the times of peace. A few miles northward is Eagle Island, the home of Peary of the North Pole fame. It is here he built his home after the discovery of the North Pole.

Here where he brought his Eskimos and his Eskimo dogs. The beauty of which cannot be expressed in other words. From the boat as you approach "A fairland in the ocean." It is an interesting sight as you sail along passing beautiful island, densely covered with the stately pines and the white birch, the rocks, ferns and flowers, each with the beautiful summer homes, nestled in the forest. But dotted here and there over the bay and sound is the lobster traps. Each man's trap is painted a different color. The only thing to remind you of commercial life is to watch the boats haul up the traps. He catch to be served at Maine's famous "Shore dinners." Some miles on we came to "The Pearl of Orr's Island," the home of Harriet Beecher Stowe when she wrote "Uncle Tom's Cabin." Her home yet stands, a quaint little one-story house on the rocks down near the waters edge of the sea.

On miles to one after another historic spot to Gunet and up the New Meadows river. Here all around you nature is at her best. The beauty unwarded by the work of man. As one stands and enjoys the wonders of nature and watched an Indian canoe come gliding by, with his dog and blue berries gathered from nature's garden. I thought, Red man, I understand and sympathize with you by endeavoring to stay the White man's hand of civilization.

At Saco and Middeford, twin cities on each side of the Saco river, is one of the great mill sections of the Pine tree state. Here in Biddeford stands the church where Lafayette attended services on his visit to the U. S. in 1825.

On the banks of the Saco river where stood the stone fort to protect the early settlers from Indians, stands one of the largest mills in New England. Only two miles away is Old Orchard, a famous summer resort, with the finest beach in the world.

Before the world war days, a very exclusive resort, the hotel is yet the home of the wealthy; largely now the Jewish. In the regular residents and the cottages we find the masses. Here the Methodists have one of the most beautiful camping grounds I have ever visited. From June until October camp meetings, chautauqua, missionary alliances and other assemblies are held. Last Sunday Bishop Hamilton of Washington, D. C., preached. Today the 14 year old girl evangelist from Pennsylvania gave a powerful sermon on the Billy Sunday type. (To be continued.)

Mr. and Mrs. W. H. Phillips of Clark's Chapel vicinity came to the city yesterday.

MRS. BAXTER HOSTESS AT ASHLAND SEWING

Entertains at Country Home—Martha Class of M. E. Church Had Social Gathering.

Ashland, August 12—Mrs. Wm. Baxter entertained at a sewing Wednesday afternoon at her beautiful country home. A guessing contest was indulged in, of which Mrs. Harry J. Lohman won the prize. Those present were Mrs. John Martin, Mrs. Harry Lohman, Mrs. Walter Adkins, Mrs. S. N. Zahn, Mrs. Charles Conover and Misses Clarence Reaick and Helena Betcher. Delicious refreshments were served by the hostess.

The Martha Class of the Methodist Sunday School was entertained on Thursday afternoon at the home of Mrs. D. O. Hill, assisted by Mrs. Wm. McCready. Some plans being made for the coming year and then a social time was enjoyed by those present, and delicious refreshments were served by the hostesses.

Miss Wood of Jacksonville is a guest of Miss Clarence Reaick. Mrs. Lee F. Terhune of Petersburg spent Thursday with her parents in Ashland.

S. N. Zahn took his Sunday school class to Old Salem Chautauqua grounds at Petersburg Wednesday morning for a picnic.

Mr. and Mrs. Leo Clark entertained about thirty of their friends at dancing and 500 Thursday evening.

Mrs. J. J. Wyatt and Mrs. Anna Pearn was shopping in Springfield Thursday.

Mr. and Mrs. Richard Glenn of Jacksonville were calling on friends here Thursday.

J. J. Wyatt and Dr. Geo. Light were transacting business in Kentucky recently.

Conway Wallbaum and Frank Beggs motored to Chicago Thursday evening.

William Kennedy is visiting friends at Dixon, Ill., this week.

Miss Lois Wyatt returned home Wednesday from Petersburg, where she attended a house party at the home of Catherine Miles.

Miss Ruth Jones returned home from Normal, Ill., where she has been for six weeks, taking the Normal course.

Dr. and Mrs. R. L. Raines and family of Jacksonville, are visiting friends in Ashland.

Mrs. J. L. Snyder, Mrs. Henry Ault and the Misses Glenn and Eula Bailey motored to Pawnee last Thursday and visited at the home of Mrs. Snyder's parents, Mr. and Mrs. Pergum.

Mrs. Mary Botts of Decatur, is visiting her mother, Mrs. Ella Massey. Miss Helen Reaick left Wednesday for Rushville where she will visit friends for a week.

Mrs. Bruce Green, Mr. R. L. Anderson Jr. and son Samuel and Mrs. S.

NOTICE OF

FINAL SETTLEMENT
In the Matter of the Estate of Ralph Reynolds, Deceased.

NOTICE IS HEREBY GIVEN That we, the undersigned executors of the Last Will and Testament of Ralph Reynolds, deceased, have caused our final report and account as such executors to be placed on file in the office of the Clerk of the County Court of Morgan County, Illinois, and that we shall apply to said Court on Monday, the 4th day of September A. D. 1922, at 9 o'clock A. M. of that day, or as soon thereafter as we can be heard, for an order of approval of said report and account, and for our final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order should not be granted.

EMMA REYNOLDS, RALPH B. REYNOLDS, RICHARD C. REYNOLDS, Executors.

Washington, D. C.

Eva Frudell met scores of girls in the bathing beauty contest at Washington, D. C. And she was declared the prettiest. That's why she has that big silver cup.

N. Jones, motored to Jacksonville Wednesday.

Miss Lottie Beggs and Miss Myra Beggs motored to St. Louis Thursday.

John V. Beggs was transacting business in Beardstown Thursday.

H. O. Brownback and family are spending a month at Wilcox Lake. Miss Marjorie Taylor returned home from Edwardsville Wednesday.

where she has been visiting friends for two weeks.

Miss Helen Pool of Edwardsville is a guest of Miss Mayme Taylor.

Mrs. M. D. Lollis and family were in the city yesterday and with them went Mr. Lollis who has been taking treatment at Maplecrest and is much improved.

CARD OF THANKS

We wish to thank the many friends and neighbors who so kindly assisted us after the death of our husband and uncle, Mrs. Florence Lockwood, sisters and families.

Edward Peterfish was down to the city from Liberty yesterday.

PLANNING VACATION? AUTHOR TELLS YOU HOW HE "DID" EUROPE IN AUTO

By EDWARD M. THIERRY

NEW YORK, Aug. 12.—Motor tourists who go flivvering up and down the country burning up vacations and week-ends are mere pikers compared to Albert Bigelow Paine, author.

Paine, who has been writing books for 30 years and is famous as Mark Twain's biographer, has just returned from France accompanied by his car. In it he made a year's tour of France and Switzerland, covering the same route he took in 1913.

Yes, with the same car. No it isn't a flivver. Nor what is called a big car, either.

"I've had that old bus more than 10 years," he says. "She's gone more than 50,000 miles—and I know and love every rattle in her. I call her 'Queen Victoria,' because of her long reign."

Paine wrote a book about the first trip, "The Car That Went Abroad," and he did the trip again to find out what the car could do and to see how the war had changed France.

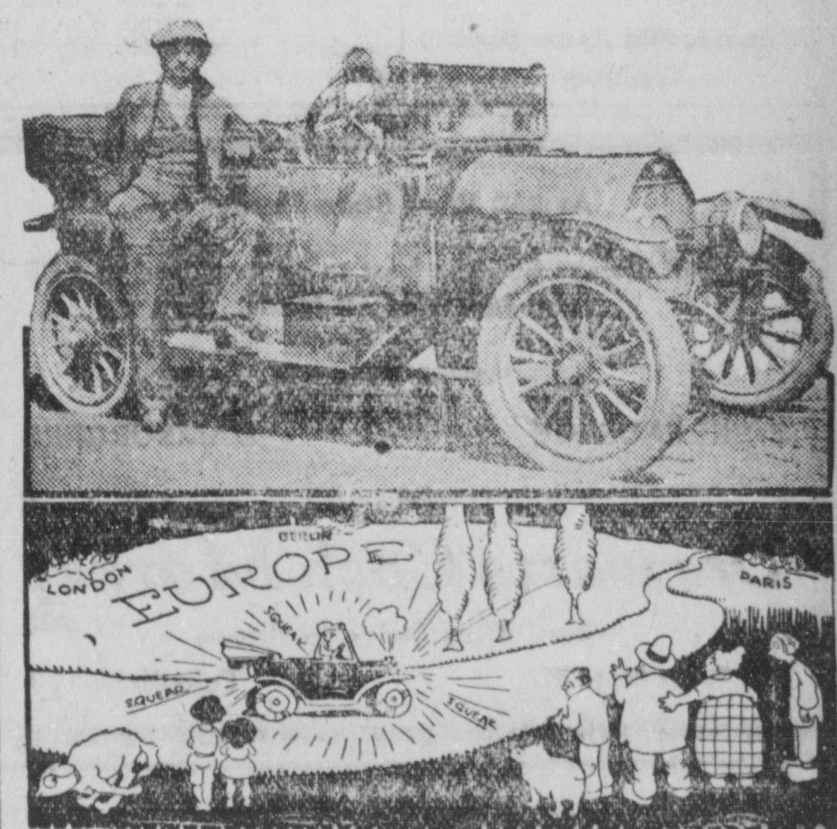

Car Services—France, Too.

"The car stood the trip—and so did France," he says. "Travelers who say the country or the people are different since the war get a mistaken idea because they only visit big cities and the resorts."

"Anybody who says the French people hate America and do not appreciate our work in the war is absolutely wrong. Out in the villages they revere America and Americans."

Another thing Paine found out was that you can leave an auto standing in the streets indefinitely—in small towns, not in Paris—and not even bags or robes will be stolen.

"Gasoline cost about twice as much as in America," he says, "but traveling was cheap, because

ALBERT BIGELOW PAINE AND THE AUTOMOBILE IN WHICH HE TOURED EUROPE

there was no garage rent and I lived at village inns—room and three meals a day—for from \$1.25 to \$2 daily."

There are handicaps, however, to European motoring. If you take your own car over, the freight including cost of packing case, will be at least \$400, Paine says, and you will have to put up a cash deposit at the French port of entry guaranteeing you will not sell the car in that country.

When you take the car out you get your money back. The deposit required is 60 per cent of the car's value.

"French officials decide the value," says Paine. "Altho I had a letter from the makers of my bus that it wasn't worth more than \$125 to them, even as junk, the French valued it at 10,000 francs. And I had to put up 6,000 francs, or close to \$500. At that price I didn't dare wreck it!"

Be Your Own Administrator

With the use of life insurance you can direct your financial affairs from beyond your grave. You can arrange with a life insurance company to pay your dependents a certain amount monthly, or otherwise. You can arrange for the company to pay off your mortgage at your death.

If your estate is not sufficient to support your family in case of your death, a life insurance company will "loan" you an estate until you have accumulated one of your own.

Modern life insurance offers you untold advantages in arranging the financial program of your life. Consult us as to some of these advantages.

RETURNS FROM KNOXVILLE.
D. T. Heimlich returned home yesterday from Knoxville, Tenn., where he attended the annual gathering of representatives from the American Poultry Association.

Typewriters

All the standard makes, rebuilt like new, guaranteed. You can save money by buying at home. Investigate and be convinced. Other used machines cheap. Typewriter ribbons.

Laning, 304 Ayers Bank Building

This organization has over 9,000 members. Forty states were represented, five members from Canada, one from Cuba. Several birds were admitted to the American standard of perfection, some were eliminated. True royal southern hospitality was shown the representatives. Illinois had second largest number of representatives, 18. Tennessee had the largest.

Mr. and Mrs. J. W. Newell of St. Louis motored to the city Saturday to spend Sunday with Mrs. Newell's mother, Mrs. A. W. Atwood of 820 West State street.

Jessie G. Grantham made a trip to the city from his home, north of town yesterday afternoon.

JOHN RODRIGUES DIES OF INJURIES

Former Resident of Jacksonville, From Injuries in Railroad Accident, Will Be Held Probably Monday.

Mr. and Mrs. Joseph Baptist, 848 Doolin avenue, received a telegram yesterday morning telling them of the death of John Rodrigues at his home in Rock Island.

While the telegram did not give any details, it is known that Mr. Rodrigues, who was a switchman for the Rock Island railroad, was injured last Monday. While switching cars in the yards he was struck and received a fractured skull and other injuries.

Mr. Rodrigues was a resident of Jacksonville for several years leaving here about twenty years ago for Rock Island. While in this city he was employed by T. J. Packard as driver of a bus and baggage wagon. He is survived by his widow and one son, Otis, who is at present in Carrollton, Ill., visiting his grandmother.

Mr. Rodrigues was a nephew of Mrs. Joseph Baptist, John A. Smith of North Fayette street, Henry Smith, George Rodrigues and Mrs. Jennie Swaby of this city.

Mr. and Mrs. Joseph Baptist and Henry Smith expect to leave this morning by automobile for Rock Island to attend the funeral which will probably be held Monday.

Charles Stanley of Concord was among the callers in the city.

BLUFFS

The second annual Oxtail community picnic was held at Nichols park in Jacksonville Tuesday, August 8. About two hundred were present and a delightful time was spent.

Dinner and supper was served by the committee in charge. Rev. E. T. Palmer and mother, Mrs. Margaret Palmer and Mrs. Carrie Sisson were Riggsby visitors Wednesday.

Mrs. B. S. Frazer went to DeCatur Tuesday to accompany home her little son Henry, who has been visiting relatives.

Mr. and Mrs. Virgil Robinson who have been visiting the latter's mother, Mrs. Etta Oakes, returned to their home in Virginia Tuesday.

The Bluffs base ball team has leased a base ball park in the east part of town. The initial game there this Sunday was between Chapin and Bluffs.

Miss Gladys Burbank left Friday for a visit with her uncle, Mr. and Mrs. J. E. Burbank in Des Moines, Ia.

Rev. E. T. Palmer and mother and Rev. H. Vaughn expect to attend the F. M. Camp meeting in Rushville Thursday.

Mr. and Mrs. Orville Bush and daughter Martha Dana spent Sunday with relatives in Springfield.

The Annual picnic of the M. E. church will be held in the south part of town Thursday, August 17. Preparations are being made for a splendid time and a large attendance is expected.

Mrs. Anna Sappington and daughter, Miss Bossie, Mr. and Mrs. Guy Sawyers and little daughter LaVerna and Byron Dimmitt

were carnival visitors in Jacksonville Tuesday evening.

Mr. and Mrs. James Chane were business visitors in Griggsville Tuesday.

S. D. Rockwood of West Plains, Mo., and sister, Miss Helen Rockwood, drove down from Springfield Wednesday evening for a short visit with their parents, Mr. and Mrs. B. F. Rockwood. They returned to Springfield via Winchester.

PLEASANT GROVE

Ernest Henry and daughter were guests of Mr. and Mrs. F. G. Seemour Sunday.

Mr. and Mrs. Warren Fanning are the parents of a baby boy born Sunday. William Earl is the young man's name.

Mr. and Mrs. Joe Beauchamp of Carrollton, Mr. and Mrs. Willis Beauchamp and family of Rockhouse and Mr. and Mrs. Joe McCabe and daughter of Murrayville were Sunday guests of Mr. and Mrs. Edward Newman.

Mr. and Mrs. George Clayton and children visited Sunday with Mr. and Mrs. Herbert Jackson.

George Sooy of Jacksonville was a caller at Warren Fanning's Monday afternoon.

Mrs. Ella Jenkins and daughter Alma, Mrs. Lydia White and Miss Norviline Sooy were callers at Warren Fanning's Wednesday evening.

The farmers of Pleasant Grove neighborhood after being together fourteen and one half days threshing between 600 and 700 acres of grain, together with their families and helpers enjoyed an all day picnic at Nichols park. Everyone enjoyed themselves so much that they planned to make it an annual affair.

Bernice Sooy is visiting this week with her cousins, Mr. and Mrs. Cecil Oxley.

Fancy Alberta free stone peaches for canning; also white free stone peaches, \$2.50 per bushel at all merchants. Now is the time to can peaches.

EVENING

7:30 Address—S. J. Duncan-Clark.
Grand Concert—The Sholle Orchestra.

Poor Richard Said---

"A PENNY saved is a penny earned." In his day, pennies were as large as our quarters. Yet all the pennies in the world wouldn't have taken Poor Richard to a movie, bought him a flivver, or paid his street car fare. The pennies of a hundred years ago were not as big in buying power as those of today.

But Poor Richard's advice is still good. And it is no less valuable when applied to dollars instead of cents.

Every year you spend a large proportion of the money you earn. So much for clothing. So much for shoes. So much for things to eat, house furnishings, garden seeds, tools and what not.

There's just one way to save money in making your purchases. Know what you want before you buy. Read the advertisements.

They will tell you what is new and good. They tell you where and when to buy to best advantage. They help keep you posted on what the stores and manufacturers are offering.

Read the Advertisements. They Save Money and Earn Money for You

FORMER WAVERLY RESIDENT WEDS NEW YORK WOMAN

Frederick K. Brantom Marries Miss
 Edgerton, and Will Make Home
 in Worcester, Massachusetts.

Waverly, Aug. 12—Frederick K. Brantom of Chicago, son of John Brantom of this city, was married last

week to Miss Laurana Edgerton at the home of the bride's parents, in Scarsdale, N. Y.

Mr. Brantom was reared in this city, graduated from the high school; also from Illinois State Normal and Chicago University. The coming year he will attend Clarke University, to receive his Doctor of Philosophy degree. Mr. and Mrs. Brantom will reside in Worcester, Mass.

Ladies who have been appointed, from Waverly, to assist in each precinct on the Democratic committee, are Mrs. W. A. Barrow, Miss Josephine Stockdale and Mrs. J. J. Cody. Dr. and Mrs. N. J. Hughes were among callers in Carlinville Monday.

At the Modesto Union Sunday school picnic held at Moffet's Grove last Sunday, Mrs. Wilson M. Smith sang a solo, and Prof. Thos. L. Harris, who is here on a visit with relatives, made a talk. Rev. S. H. Bowyer of Cincinnati, Ohio, addressed an interested audience in the afternoon.

The ladies of the M. E. church (South) will hold a market at Laukton's store Saturday.

Miss Helen Seales entertained a number of her girl friends at the Franklin Outing club, Wednesday afternoon, in honor of her guest, Miss Bernice Smith of Gibson City.

George Robinson, south of town, has returned from a two weeks business trip to Wyoming.

Appreciative audiences have been attending the Redpath Chautauqua. On Saturday night a comedy drama, entitled "Friendly Enemies" will be given. Its plot grows out of the convictions of two life-long friends and affords an abundance of amusing complications as well as moments of gripping pathos. It will be presented by an exceptionally competent cast of six New York actors.

Mrs. Eva Wainwright of Jerseyville has been visiting her cousin, Mrs. J. H. McDevitt.

Homer Ransom of Jacksonville was a business caller here Friday.

Mrs. Ira Grimes was a caller in Jacksonville Thursday. A. A. Curry and son Albert of Pisgah, were business callers here Tuesday.

Miss Helen Massie of Franklin, is visiting with her cousin, Miss Olive Burnett.

Mr. and Mrs. Wm. H. Jones were visitors in St. Louis Monday and Tuesday.

Misses Elizabeth Stockdale and Madge Deatherage were Springfield visitors Wednesday.

Mrs. George Alderson and daughter Miss Lolah were shoppers in Springfield Wednesday.

Mrs. Olive Wheeler and children of Chesterfield have been visiting at the home of Mrs. Anna L. Swift.

T. H. Chambers of Bluff Springs is spending a few days at the home of Mr. and Mrs. A. D. Roberts.

Mrs. Nelle Girdler and sons John and Lewis, returned home Sunday from a two week's outing at Piasa chautauqua.

Miss Mildred Morris returned to her home in Springfield Thursday after a visit at the home of Mr. and Mrs. Charles Lowe.

Mr. and Mrs. Thomas Jackson, east of town, enjoyed a brief visit with their daughter, Marian, of Chicago, over Sunday.

Miss Bessie Spiker went to Sinclair this week to visit relatives, and goes from there to Jacksonville to attend the chautauqua.

The Waverly Municipal Band will play at the Odd Fellows picnic at Chatham, next Wednesday.

Paul Bateman, who was taken to

"Love Will Find Way," Says Countess Who Spurned Millions to Wed Poverty

COUNT AND COUNTESS ZICHY

By ALEXANDER HERMAN

Atlantic City—Love finds the way out of all difficulty. That's what Countess Zichy says. "And she should know—for she, the former Charlotte Demerest, gave up position, family, wealth on the eve of her marriage to a millionaire just to elope with a young Hungarian nobleman—dashing but penniless."

That was more than two months ago.

"It was pretty hard going—at first," says the countess in her apartment at one of the beach hotels here. "Sheriffs came and bombarded us with judgements."

"It was pretty hard to give up a beautiful home in New York's exclusive society district and go to live in a one-room suite at a small hotel."

"It was pretty hard getting started making a living—"

"But now the going's easy and we're the happiest couple in all the world."

Gets Ready for Work

She started arranging her husband's evening clothes.

"He'll be up soon," she said, "to get dressed for work."

"We tried to get into the movies

We had a try-out but I guess I didn't qualify. But my husband was simply adorable."

"So we turned to the only thing we knew that we could both do well—dancing."

"It took some nerve to make up our minds—but we just had to do it—or call on the folks for money."

So the count and his young bride danced their way into a \$12,000-a-week job!

"I was scared stiff the first night," Countess Zichy smiled. "But when the count put his arms around me and whispered into my ear I forgot everything else."

First Night Success

"When we finished dancing, the people applauded. We got the contract."

They became headliners and received other offers but they didn't let their success go to their heads.

"We moved our lodgings to a smaller hotel," the young wife said. "We cut our taxis. We use jitneys. We want to economize and save money."

"Some day we'll have a big place of our own—bought with the money made by our own work. Then we'll continue to be happy—and independent."

CONVENTION HERE IN FALL OF 1924

Illinois Federation of Music Clubs Selects Jacksonville as Place of Next Convention.

The Chamber of Commerce working in conjunction with Professor Henry Ward Pearson, of Illinois Woman's College, has secured the 1924 convention of the Illinois Federation of Music Clubs for Jacksonville.

The federation meets every other year, alternating with the National federation meetings, Asheville, N. C., is the seat of the national convention of 1923.

The convention will meet for several days and will bring many of the foremost musicians of the state to Jacksonville.

In the letter announcing the selection of Jacksonville as next meeting place, Miss Marion Osener, the president, said that our city was an ideal spot for the meeting. Plans as to the days of the convention will not be made until January of 1924, but April is selected as the month of the meeting. The secretary of the Chamber of Commerce announced that entertainments and auto tours of the city and county would be arranged for the visitors in order to make their stay here a happy one.

Why do we recommend Robins Best Flour? Because there is no better flour.

ARTHUR DENNY

MICHIGAN TOURISTS PASSED THRU CITY.

A. N. Jordan and family of Mishawakee, Mich., passed thru the city yesterday afternoon on their way home from Parsons, Kans. According to Mr. Jordan the roads from Hannibal to Barry had dust a foot thick, while from Barry on the roads were an ocean of mud. He said that all along the road cars were stacked up in the ditch and that chains simply made the sliding easier.

Mr. Jordan's daughters were well equipped for travelling, by wearing army style pants. We take it that the party will not return via Zion City.

RETURN FROM AUTO TRIP

Mr. and Mrs. John W. Mitchell and Miss Orr Mitchell, of East College avenue returned Friday evening from Pike county, Mo., where they have been visiting friends. The trip was made in Mr. Mitchell's car.

W. M. Charlesworth and family of Arenzville were city visitors yesterday.

THE OPAL

Do you possess one? Do you think they are "unlucky"—don't, for the only unlucky feature is in not owning one or more.

THE OPAL with its myriad colored "fires" is one of the hand-somest and most striking of the precious stones, for ring, pin or brooch.

THE OPAL in any quantities is found in parts of Australia, Hungary and Old Mexico, the choicest from the first two named.

THE OPAL is found at all depths from almost at surface to forty feet below, existing under layers of soft clay and usually under ironstone deposits.

THE OPAL most highly prized is the "Orange Pin Fire," and only the black found in New South Wales commands a higher price.

We shall be glad to show you our stock of opal jewelry, and next week we will tell you something about opal polishing and refinishing.

Church Service Announcements

Congregational Church, Rev. Geo. E. Stickney, minister—Church school at 9:30, Dean G. H. Scott, superintendent. No morning church service. No union service in the evening because of Chautauqua. There will be no meeting of the Ladies' Aid nor prayer meeting this coming week because of Chautauqua.

Mount Emory Baptist church, corner South Church and Marion streets—W. Henry Snowden, minister. Morning service at 11 o'clock. Consecration service to which all the members are urged to be present. 8 p. m., preaching, by the pastor. Sunday school at 2:30. Baptist Young People's Union at 6:15. Subject: "Pride and Humility," led by Miss Georgie Parker.

Centenary Church, C. D. Robertson, pastor. The attendance is holding up well during the warm weather, and the interest is good. There should be no sag now.

Sunday School at 9:30 a. m. A. C. Metcalf, superintendent. There is a class for every member of the family and a cordial welcome for all. All members of the Loyal Men's Class should be present to hear the announcement of the program for the forward movement which was adopted at the meeting of the class at Nichols Park last Tuesday evening. Some matters of great interest to the welfare of the class are to be presented.

Morning worship at 10:45 a. m.

Pullman News Tells How Sleeping Cars Acquire their Names

Some Names are Acquired Because Person
 Naming Car Was a Reader of Dickens,
 Washington Irving or Some Other Noted
 Man—Some are Named for the Wets

CHICAGO, Aug. 12.—How Pullman cars get their
 names is a question that frequently has been asked. The
 answer is revealed in the August issue of the Pullman
 news.

"One good name suggests another," that publication
 says in explaining that while many cars have been named
 in definite plan, representing a certain type of car, others
 were baptized in "Sequential Fashion."

"The person naming a car for Charles Dickens, for in-
 stance," the publication continues, "had his mind stirred
 by Dickensian memories, as proven by co-relative names
 as Pickwick, Dodson and Trotwood."

"Washington Irving is celebrated by Alhambra, Irving-
 ton, Knickerbocker, Ichabod, Tarrytown, Stuyvesant and
 Manhattan. Rudyard Kipling, Mandalay and Simla cer-
 tainly are linked together. Then there is Stevenson, Scot-
 land, Ballantrae and Samoa."

"Some persons evidently favor-
 ed are Sir Walter Scott for there
 are cars named for Ivanhoe, Row-
 ena, Rebecca, Cedric, Rotherwood,
 Athelstan, Ashby, Talisman, Sala-
 din and Peveril."

"Milesians will recognize the
 sequence in Ireland, Emerald, Kil-
 kenny, Killarney, Kildate, Gal-
 way, Clarke, Limerick and Shan-
 non. With Napoleon as a starter,
 Waterloo and Wellington were
 obvious and also Josephine, Jena,
 Marengo and Helena. When one
 thinks of Columbus the trend of
 thought runs to Isabella, San
 Salvador and Santa Maria, Kitch-
 ener brought out Khartoum,
 Egypt and Khedive."

"Visions of the days of the
 Knights of the Round Table evolv-
 ed Arthur Guilever, Lancelot,
 Shalott, Launfal, Gawaine, Mer-
 lin, wizard. To titillate the palates
 of those who regret the passage of
 the Eighteenth Amendment there
 are Bourbon, Ryegate, Gordon,
 Manhattan, Moselle, Burgundy,
 Tokay, Yvette, Cognac, Scotland
 and Baccabante. But there is
 also Aqua and Temperance."

A large number of persons and
 places coupled in history have
 their names emblazoned in Pull-
 man lettering, such as Ruth and
 Naomi, Venus and Adonis, Dewey
 and Manila, Cadmus and Europa,
 Damon and Pythias, Mahomet and
 Mecc, Pegasus and Meduca, Aber-
 lard and Holis, Godiva and Gov-
 entry, Rostand and Bergerac,
 Monitor and Merrimac, Hiawatha
 and Minnehaha, Sheraton and
 Chippendale, Hamlet and Orphe-
 us, Nelson and Trafalgar, Helen
 and Paris.
